Monitoring Framework - Haringey Core Strategy Proposed Submission May 2010

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
Core Strategy SP 1 - Managing Growth New development will be directed to Haringey Heartlands, Tottenham Hale, Seven Sisters and Wood Green Metropolitan Town Centre in ensuring strong, healthy and sustainable communities in Haringey.				
To manage growth in Haringey Heartlands and Tottenham Hale so that it meets our needs for homes, jobs and services, is supported by necessary infrastructure and maximises the benefits for the local area and community and the borough as a whole	**People at the Heart of Change**	<u>London Plan objective</u> To accommodate London's growth within its boundaries without encroaching on open spaces <u>London Plan Policies</u> ▪ 1.3 - Growth Areas and Corridors ▪ 2A.2 - Spatial strategy for development ▪ 2A.5 - Opportunity Areas ▪ 2A.6 - Areas for Intensification ▪ 2A.7 - Areas for Regeneration ▪ 3A.2 – Borough housing targets ▪ 3A.3 – Maximising the potential of sites ▪ 5B.1 – The strategic priorities for North London ▪ 5B.2 – Opportunity Areas for North London	**NI 154** Net additional homes provided **NI 155 (Local)** Number of affordable homes delivered (gross) **COI H1**: Plan period and housing targets **COI H2(a)**: Net additional dwellings – in previous years **COI H2(b)**: Net additional dwellings – for the reporting year **COI H2(c):** Net additional dwellings – in future years **COI H2(d)**: Managed delivery target **COI H3**: New and converted dwellings – on previously	▪ 7,000 new homes in Tottenham Hale and 15,000 new jobs by 2020 ▪ 1,700 new homes in Haringey Heartlands and 1500 new jobs by 2020 ▪ Additional 13,800 m2 of comparison goods and 10,194 convenience goods by 2016

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		▪ 5B.3 – Areas for Intensification in North London	developed land	
To support the development of Haringey's most successful growth sectors	**Economic vitality and prosperity shared by all**	<u>London Plan objective</u> To make London a more prosperous city with strong and diverse long-term economic growth <u>London Plan Policies</u> ▪ 1.3 - Growth Areas and Corridors ▪ 2A.5 - Opportunity Areas ▪ 2A.6 - Areas for Intensification ▪ 2A.7 - Areas for Regeneration ▪ 3A.2 – Borough housing targets ▪ 3A.3 – Maximising the potential of sites ▪ 3B.5 ▪ 5B.1 – The strategic priorities for North London ▪ 5B.2 – Opportunity Areas for North London ▪ 5B.3 – Areas for Intensification in North London	**NI 154** Net additional homes provided **NI 155 (Local)** Number of affordable homes delivered (gross)	▪ 7,000 new homes in Tottenham Hale and 15,000 new jobs by 2020 ▪ 1,700 new homes in Haringey Heartlands and 1500 new jobs by 2020 ▪ Additional 13,800 m2 of comparison goods and 10,194 convenience goods by 2016
To strengthen the role of Wood Green Metropolitan	**People at the Heart of Change**	<u>London Plan objective</u> To make London a more	**COI BD1** Total amount of additional employment	▪ Intensify residential use in Wood Green Metropolitan

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
Town Centre and the borough's district centres as accessible locations for retail, office, leisure and community uses and new homes		prosperous city with strong and diverse long-term economic growth <u>London Plan Policies</u> ▪ 2A.8 - Town Centres ▪ 3D.1 – Supporting town centres ▪ 3D.2 – Town centre development ▪ 3D.3 – Maintaining and improving retail facilities ▪ 5B.1 – Strategic priorities for North London	floorspace – by type **COI BD2** Total Amount of employment floorspace on previously developed land – by type **COI BD3** Employment land available – by type **COI BD4** Total amount of floorspace for 'town centre uses' **Local** Number of registered Haringey Guarantee participants with a completed better off calculation **SEI 4** Number of new businesses in the area **NI 7** Environment for a thriving third sector **NI 154** Net additional homes provided **NI 155 (Local)** Number of affordable homes delivered (gross) **Local** Vacancy rates in Town	Town Centre ▪ A new retail centre at Tottenham Hale ▪ Maintain town centre vacancy rates lower than 10% (currently 11%) ▪ 13,800m2 gross of comparison goods floorspace and an additional 10,194m2 net convenience goods floorspace by 2016. ▪ 65% A1 primary frontages and 50% A1 secondary frontages

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
			Centres **Local** Proportion of non-A1 uses in Town Centres **PPS6** Health and Vitality check	
Core Strategy SP 2 – Housing To maximise housing provision in the borough and to meet housing needs for affordable housing, larger family housing and housing for specific groups, whilst retaining the boroughs historic character.				
To provide homes to meet housing needs and to deliver the housing target of 680 units per annum, in terms of affordability, quality and diversity and to help create mixed communities	**People at the Heart of Change**	London Plan objective To make London a healthier and better city for people to live in London Plan Policies ▪ 3A.2 – Borough housing targets ▪ 3A.3 – Maximising the potential of sites ▪ 3A.9 – Affordable housing targets	**NI 154** Net additional homes provided **NI 155 (Local)** Number of affordable homes delivered (gross) **NI156** Number of households living in temporary accommodation **Local NI158** % of decent council homes **Local** - Carbon emissions from vulnerable private households (2007-2010 stretch target) **Local –** Dwelling mix of housing units	▪ Over 50% of housing in growth areas will be affordable ▪ 6,800 new homes over 10 years (2007 – 2017) these figures to be reviewed by 2011 ▪ 3,400 affordable homes over 10 years

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
			SEI 1 - % of all dwellings completed which are affordable **COI H1**: Plan period and housing targets **COI H2(a)**: Net additional dwellings – in previous years **COI H2(b)**: Net additional dwellings – for the reporting year **COI H2(c):** Net additional dwellings – in future years **COI H2(d)**: Managed delivery target **COI H3**: New and converted dwellings – on previously developed land **COI H5**: Gross affordable housing completions	
To promote the efficient and effective use of land whilst minimising environmental impacts	**People at the Heart of Change**	London Plan objective To make London a healthier and better city for people to live in London Plan Policies	**NI 186** Per capita CO2 emissions in the LA area **NI 187** Tackling fuel poverty – people receiving income based benefits living in	▪ Minimum reduction in CO2 of 20% from on site renewables

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		▪ 2A.1 Sustainability criteria ▪ 3A.3 – Maximising the potential of sites ▪ 4B.1 Design principles for a compact city	homes with a low energy efficiency rating (proxy – number of households to benefit from energy efficiency measures) **COI E3 –** Renewable energy generation	
To strengthen the role of Wood Green Metropolitan Town Centre and the borough's district centres as accessible locations for retail, office, leisure and community uses and new homes	**People at the Heart of Change**	<u>London Plan objective</u> To make London a more prosperous city with strong and diverse long-term economic growth <u>London Plan Policies</u> ▪ 2A.8 - Town Centres ▪ 3D.1 – Supporting town centres ▪ 3D.2 – Town centre development ▪ 3D.3 – Maintaining and improving retail facilities ▪ 5B.1 – Strategic priorities for North London	**COI BD1** Total amount of additional employment floorspace – by type **COI BD2** Total Amount of employment floorspace on previously developed land – by type **COI BD3** Employment land available – by type **COI BD4** Total amount of floorspace for 'town centre uses' **Local** Number of registered Haringey Guarantee participants with a completed better off calculation **NI 7** Environment for a thriving third sector **NI 154** Net additional homes	▪ Intensify residential use in Wood Green Metropolitan Town Centre ▪ A new retail centre at Tottenham Hale ▪ Maintain town centre vacancy rates lower than 10% (currently 11%) ▪ 13,800m2 gross of comparison goods floorspace and an additional 10,194m2 net convenience goods floorspace by 2016

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
			provided **NI 155 (Local)** Number of affordable homes delivered (gross) **PPS6** Health and Vitality check	
Core Strategy SP 3 – Gypsies and Travellers To meet the accommodation needs of gypsies and travellers in the borough and protect existing sites and pitches.				
To provide homes to meet housing needs and to deliver the housing target of 680 units per annum, in terms of affordability, quality and diversity and to help create mixed communities	**People at the Heart of Change**	London Plan objective To make London a healthier and better city for people to live in London Plan policies ▪ 3A.14 London's travellers and gypsies	**COI H4** Gypsy and Traveller pitches	Deliver the minimum number of pitches identified in the Circular 01/2006 Planning for Gypsy and Traveller Sites
Core Strategy SP 4 – Working towards a low carbon Haringey To protect and enhance Haringey's strategic and local resources for current and future generations				
To limit climate change by reducing CO2 emissions	**An environmentally sustainable future**	London Plan objective To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city London Plan Policies	**NI 186** Per capital CO2 emissions in the LA area **NI 187** Tackling fuel poverty – people receiving income based benefits living in homes with a low energy efficiency rating (proxy – number of households to	▪ Minimum reduction in CO2 of 20% from on site renewables ▪ By 2015 all schools to be low carbon ▪ By 2016 all homes to be zero carbon ▪ By 2019 all new non-residential to be zero

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		▪ 4A.1 – Tackling climate change ▪ 4A.2 – Mitigating climate change	benefit from energy efficiency measures) **NI 188** Planning to Adapt to climate change **LAA Stretch Target** Carbon emissions from vulnerable private households **SEI 10** Reduction in carbon dioxide emissions tonnes/annum	carbon
To increase energy efficiency and increase the use of renewable energy sources through establishing decentralised energy networks at Tottenham Hale and Haringey Heartlands	**An environmentally sustainable future**	<u>London Plan objective</u> To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city <u>London Plan Policies</u> ▪ 4A.3 – Sustainable design and construction ▪ 4A.4 – Energy assessment ▪ 4A.5 – Provision of heating and cooling networks ▪ 4A.7 – Renewable energy	**NI 186** Per capital CO2 emissions in the LA area **NI 187** Tackling fuel poverty – people receiving income based benefits living in homes with a low energy efficiency rating (proxy – number of households to benefit from energy efficiency measures) **H6**: Housing Quality – Building for Life Assessments **E3** Renewable energy generation	▪ Minimum reduction in CO2 of 20% from on site renewables
Core Strategy SP 5 – Water Management and Flooding				

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
To protect the borough's natural resources and mitigate against flood risk				
To adapt to climate change by improving the sustainability of buildings against flood risk, water stress and overheating	**An environmentally sustainable future**	London Plan objective To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city London Plan Policies ▪ 4A.9 – Adaptation to climate change ▪ 4A.10 – Overheating ▪ 4A.12 – Flooding ▪ 4A.13 – Flood risk management ▪ 4A.16 – Water supplies and resources ▪ 4A.17 – Water quality ▪ 4A.18 – Water and sewerage infrastructure	**NI 186** Per capital CO2 emissions in the LA area **NI 187** Tackling fuel poverty – people receiving income based benefits living in homes with a low energy efficiency rating (proxy – number of households to benefit from energy efficiency measures) **COI E1** Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds **NI 189** Flood and coastal erosion risk management	▪ Minimum reduction in CO2 of 20% from on site renewables ▪ By 2015 all schools to be low carbon ▪ By 2016 all homes to be zero carbon ▪ By 2019 all new non-residential to be zero carbon
To reduce and manage flood risk across the borough	**An environmentally sustainable future**	London Plan objective To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city London Plan Policies ▪ 4A.12 – Flooding ▪ 4A.13 – Flood risk	**NI 186** Per capital CO2 emissions in the LA area **COI E1** Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds **NI 189** Flood and coastal	▪ Minimum reduction in CO2 of 20% from on site renewables

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		management	erosion risk management	
To protect and enhance the quality of water features and resources, Pymmes Brook, Moselle and River Lee	**An environmentally sustainable future**	London Plan objective To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city London Plan Policies ▪ 4C.1 – The strategic importance of the Blue Ribbon Network ▪ 4C.2 – Context for sustainable growth ▪ 4C.3 – The natural value of the Blue Ribbon Network	**E1** Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds **NI 189** Flood and coastal erosion risk management	▪ Introducing measures to reduce flood-risk such as the de-culverting of the Moselle Brook ▪ Conservation of the River Lee and Moselle
Core Strategy SP 6 – Waste and Recycling To ensure sustainable management of waste and prioritise reuse and waste minimisation.				
To ensure the sustainable use of natural resources – by reducing, reusing and recycling waste and supporting the use of sustainable materials and construction methods	**An environmentally sustainable future**	London Plan objective To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city London Plan Policies ▪ 2A.1 Sustainability criteria ▪ 4A.3 – Sustainable design	**NI 192** % of household waste reused, recycled and composted **COI W1** Capacity of new waste management facilities **COI W2** Municipal waste arising and managed **SEI 5 -** % of waste land filled	▪ Minimum reduction in CO2 of 20% from on site renewables Deliver on NLJWS - ▪ 50% recycling and composting rate by 2020; ▪ a reduction in the amount of waste sent to landfill to 35% (of 1995 amounts) by 2020; ▪ recovery of energy from

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		and construction	per year **SEI 6** Household waste recycled **SEI 7 -** % of households with kerbside collection of recyclables	min 31.5% of rubbish by 2015. Deliver on NLWP Identify area for sufficient facilities to process: ▪ 75% municipal (15.8 million tonnes) waste arising by 2010 ▪ 80% (19.2 million tonnes) by 2015 ▪ 85% (20.6 million tonnes) by 2020. Recycling and composting targets ▪ Municipal waste: 35% by 2010, 45% by 2015 ▪ Commercial and industrial waste: 70% by 2015 ▪ Construction, excavation and demolition waste: 95% by 2020
To manage air and noise pollution and land contamination	**An environmentally sustainable future**	<u>London Plan objective</u> To make London a healthier and better city for people to live in <u>London Plan Policies</u> ▪ 4A.19 – Improving air quality ▪ 4A.33 – Bringing contaminated land into	**NI 186** Per capita CO2 emissions in the LA area **NI 194**: Air quality – % reduction in Nox and primary PM10 emissions through local authority's estate and operations	▪ Implementation of environmentally friendly practices in land management through development and implementation of an environmental management system (EMS) ▪ Implementation of car

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		beneficial use		clubs
Core Strategy SP 7 – Transport To support economic regeneration, improvements to safety and security on transport networks, reduce car dependency and use, combat climate change and improve environmental quality, specifically – promote public transport, walking and cycling (including minimum cycle parking standards)				
To manage air quality within the borough by travel planning, promotion of walking, cycling and public transport. To promote the use of more sustainable modes of transport	**An environmentally sustainable future**	<u>London Plan objective</u> To make London an exemplary world city in mitigating and adapting to climate change and a more attractive, well-designed and green city To make London a healthier and better city for people to live in <u>London Plan Policies</u> ▪ 3C.3 – Sustainable transport for London ▪ 3C.20 – Improving conditions for buses ▪ 3C.21 – Improving conditions for walking ▪ 3C.22 – Improving conditions for cycling ▪ 4A.19 – Improving air quality	**NI 175 (Local)** Access to services and facilities by public transport (and other specified models) **NI 198 (Local)** Children travelling to school – mode of transport usually used. **NI 175 (Local)** Access to services and facilities by public transport (and other specified models) **NI 198 (Local)** Children travelling to school – mode of transport usually used. **Local** - number of planning applications accompanied by a travel plan	▪ Improvements to Tottenham Gyratory ▪ Improvements to orbital public transport ▪ Improvements to orbital public transport ▪ Improvements to air quality ▪ Development of green corridors know as 'Greenways' to improve the urban commuting network of safe walking and cycling routes ▪ Completion of London Cycle Network
Core Strategy SP 8 – Employment Protect and enhance employment land, whilst at the same time promote other forms of employment that complements existing uses.				

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
To enhance the environmental quality and attractiveness of the borough's town centres in response to changing economic and retail demands	**Economic vitality and prosperity shared by all**	London Plan objective To make London a more prosperous city with strong and diverse long-term economic growth London Plan Policies ▪ 2A.8 - Town Centres ▪ 3C.19 – Local transport and public realm ▪ 3D.1 – Supporting town centres ▪ 3D.2 – Town centre development ▪ 3D.3 – Maintaining and improving retail facilities ▪ improvements ▪ 4B.3 – Enhancing the quality of the public realm	**NI 195** Improved street and environmental cleanliness (levels of graffiti, litter, detritus and fly posting)	Commissioning of public realm contracts for waste management and highways
To link deprived areas with the employment benefits arising from the development of major sites and key locations in the Borough and to improve access to new employment opportunities outside of the borough	**Economic vitality and prosperity shared by all**	London Plan objective To make London a more prosperous city with strong and diverse long-term economic growth London Plan Policies ▪ 3B.11 – Improving employment opportunities for Londoners ▪ 5B.2 – Opportunity Areas	**NI 79** Achievement of level two qualifications by aged 19 **NI 117** 16 to 18 year olds who are not in education, training or employment. **NI 153** Working age people claiming out of work benefits in the worst performing neighbourhoods	▪ Employment growth in north London is estimated at 300,000 jobs over the period 2006-26, representing an annual growth of 15,000 jobs. ▪ Potential for releasing employment land at White Hart Lane, St Ann's and Seven Sisters

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		for North London ▪ 5B.3 – Areas for Intensification in North London	**NI 187** Tackling fuel poverty – people receiving income based benefits living in homes with a low energy efficiency rating (proxy – number of households to benefit from energy efficiency measures) **Local** Number of people from the worst performing twelve wards helped into sustained work (2007-2010 stretch target) **Local** Number of people on incapacity benefit for more than six months helped into sustained work (2007-2010 stretch target)	
To meet the needs of different sectors of the economy, including SMEs and those organisations within the voluntary sector through the provision of a range of premises of different types, sizes and costs	**Be people and customer focused**	<u>London Plan objective</u> To make London a more prosperous city with strong and diverse long-term economic growth <u>London Plan Policies</u> ▪ 3A.17 – Addressing the needs of London's diverse population ▪ 3B.1 – Developing London's economy	**NI 7** Environment for a thriving third sector **NI 79** Achievement of level two qualifications by aged 19 **NI 117** 16 to 18 year olds who are not in education, training or employment. **NI 153** Working age people claiming out of work benefits	▪ Employment growth in north London is estimated at 300,000 jobs over the period 2006-26, representing an annual growth of 15,000 jobs

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
		▪ 3B.11 – Improving employment opportunities for	in the worst performing neighbourhoods **NI 187** Tackling fuel poverty – people receiving income based benefits living in homes with a low energy efficiency rating (proxy – number of households to benefit from energy efficiency measures) **Local** Number of people from the worst performing twelve wards helped into sustained work (2007-2010 stretch target) **Local** Number of people on incapacity benefit for more than six months helped into sustained work (2007-2010 stretch target)	
To support the development of Haringey's most successful growth sectors.	**Economic vitality and prosperity shared by all**	<u>London Plan objective</u> To make London a more prosperous city with strong and diverse long-term economic growth <u>London Plan Policies</u> ▪ 1.3 - Growth Areas and Corridors	**NI 1** % of people who believe people from different backgrounds get on well together in their local area. **NI 154** Net additional homes provided **NI 155 (Local)** Number of	▪ 7,000 new homes in Tottenham Hale and 15,000 new jobs by 2020 ▪ 1,700 new homes in Haringey Heartlands and 1500 new jobs by 2020 ▪ Additional 13,800 m2 of comparison goods and 10,194 convenience

Core Strategy Spatial Objective	Sustainable Community Strategy Outcome	London Plan Objective and Policies	Performance Measure	Output
