

Building Schools for the Future

London Borough of Haringey

BSF in Haringey

Summary information for suppliers

BSF in Haringey

Scope of Programme

The BSF Programme comprises £178.78 million funding in Waves 2 and 4. Our programme includes refurbishment, remodelling and new build. Although Haringey is to receive funding in 2 phases, our programme covers both phases on the basis that practicality dictates a single project.

Our estate comprises 8 schools (already part of a PFI contract), 2 voluntary aided schools, 4 special schools, a new secondary school and a new sixth form centre.

Our procurement model reflects a two stage design and build approach, utilising a framework of design partners and a framework of construction partners.

ICT Strategy

Haringey will appoint a Managed Service Provider (MSP) for the ICT technology across all our schools. This organisation will supply, install and maintain all technology and software. An on-going annual revenue contribution per pupil will be met by the schools.

Project Delivery Teams

A number of appointments have been made to the BSF programme team and partner frameworks. Further appointments will follow as the programme progresses.

Design Team Partners

A Design Team Partner framework comprising 6 Design-led architect practices includes:

- Penoyre and Prasad
- ABK
- Watkins Gray
- TP Bennett
- Nicholas Hare
- BDP

ICT Managed Service Provider

An advertisement appeared in the Official Journal of the European Union (OJEU) for the BSF ICT Managed Service Provider. We are currently in the process of selecting a single MSP provider and will be publishing further updates on the website as the process progresses. Please review the website regularly for these updates.

Project Team

Support consultants have been appointed from Haringey's general Construction Related Consultancy Services (CRCS) Framework Agreement to the roles of:

- Project Managers - Dearle & Henderson
- Cost Consultants - Potter Raper
- Planning Supervisors - Gardiner and Theobald

Construction Contractors

An advertisement appeared in the Official Journal of the European Union (OJEU) for the BSF Construction Contractor Framework Agreement. We are currently in the process of selecting our Constructor Partners and will be publishing further updates on the website as the process progresses. Please review the website regularly for these updates.
