2.0 BACKGROUND

2.1 The criteria required for the implementation of a disabled bay is as follows:

- You must have a blue badge.
- You or your nominated driver must have a car registered at the address where the bay is to be provided.
- You or your nominated drivers licence must be registered at the address where the bay is to be provided.
- You must be in receipt of the higher rate mobility component of Disability Living Allowance.

- 2.2 We currently have 44 applications requesting the provision of a disabled bay. These are mostly applications that were received last year, but due to insufficient funds we were unable to process them.
- 2.3 We currently have sufficient funds for 2011/12 budget to enable us to provide these bays. The applicants have been informed of the 21 day statutory consultation period and the estimated date of the implementation.
- 2.4 We have been informed by residents, relatives or neighbours that the above redundant bays are no longer needed. We require as part of procedures for this to be confirmed in writing either by sending back the removals letter which is sent out indicating the bay is no longer required or simply by receiving no reply at all.
