DIY STREETS: Turnpike Lane Area

<http://www.sustrans.org.uk/what-we-do/liveable-neighbourhoods/diy-streets>

The DIY Streets project at Turnpike Lane/West Green is a two year initiative to deliver an affordable, community-led neighbourhood improvement scheme. The project focuses on the area to the southeast of Turnpike Lane underground station, including Langham, Waldeck, Stanmore, Carlingford, Mannock, and Downhills Park Roads.

This project aims to improve many aspects of the neighbourhood including reducing traffic speeds and through traffic, enhancing the environment and improving resident's sense of community within their area.
