Our promise

- When you first approach us to find out about the Haringey Guarantee, you will meet with a personal adviser. They will tell you all the services that are available to support you. If appropriate, we will register you onto the programme.
- When you register for the Haringey Guarantee programme, you will agree an action plan with your employment adviser and you will be given a copy.
- Where possible, we will make sure your personal adviser will stay with you through your time on the programme..
- We will make all our range of services available to you while you look for a job and for up to 6 months after you start work.
- When you complete the actions on your action plan, you will be guaranteed a job interview with a suitable employer.
- We will give you our contact details if you are not happy about any of the services provided to you by our service provider.

What we can't do

- We cannot support people who are already in employment, are full-time students, or do not live in Haringey.
- The guaranteed job interview aims to give you real experience of an interview situation and to get constructive feedback. We cannot guarantee you a job from the first interview but we will continue to work with you until you have a job.
