(no bones)

**No thanks**

No plastic bags

No packaging

**Yes please**

**You can use liners showing this image in your black food waste box.**

**No other bags will be accepted. No plastic bags please.**

# Your weekly recycling service

Every year millions of tonnes of household waste gets thrown away, but **up to 60% of this could have been recycled** to make something new.

**Recycling is free**, and it helps to protect our environment by reducing pollution, saving natural resources and using less energy. This helps to reduce our impact on climate change.

**You can make a difference by recycling a wide range of materials every week.**

This leaflet shows you how to recycle a large amount of your household waste, including paper, card, plastics, glass and cans. You can also recycle your food and garden waste.

Your recycling will normally be collected in one vehicle:

This side is for paper, card, plastics, tins, cans and glass. These will be separated at a local facility before being recycled.

This side is for the food waste and garden waste, which will be turned into compost.

# General Information

## How to use the service

- All of your recycling is collected on the same day as your rubbish.
- Please put your recycling boxes and bags out at the edge of your property before 6am on your collection day.
- If you have any problems carrying the recycling boxes to the edge of your property then please contact us.
- We want you to recycle as much as you can. All recycling boxes and garden waste bags are free. If any of your boxes or garden waste bags have been lost, stolen or broken, or if you need additional containers, please contact us so we can deliver new ones to you.
