

Preparation Prior to Treatment

Textile moths

- Vacuum entire premises very thoroughly and dispose of hoover bag externally

- Pull all heavy furniture (bookcases, wardrobes) away from the walls and hoover underneath

- Wash all clothes at high temperature, or place in the freezer for 24 hours

- Ensure all wardrobes and areas used for storage of clothes are empty

- Remove all pictures and posters from the walls

- Pick up any objects from the floors, such as childrens toys, books, records, CDs.

- Ensure that all affected rooms are empty and suitable for spraying with insecticide
