## Turnpike Lane/West Green Area DIY Streets Project

Dear Resident or Trader,

As a result of our recent statutory notification exercise in your area we have changed a proposed feature in your street. This amendment has been as a result of resident and trader concern regarding traffic speeds through Langham Parade. A report setting out the statutory notification feedback is now available on the council's website ([www.haringey.gov.uk](http://www.haringey.gov.uk)) under Environment & Transport > Roads & Streets > Road Safety > Road Safety Consultations.

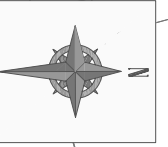

We now propose to raise the carriageway on Langham Parade to footway level which aims to substantially reduce vehicle speeds through this area, see plan overleaf. As part of this proposal new drainage would be provided to ensure ponding does not occur as a result of this feature. Please note, this proposal will maintain access to the area and delivery access for traders will also be maintained.

This notification leaflet marks the start of a statutory notification 21 day period in which we invite you to tell us what you think about the proposals set out in the plan overleaf. This document is also available online and you can leave feedback that way if preferred, at [www.haringey.gov.uk](http://www.haringey.gov.uk) under Environment & Transport > Roads & Streets > Road safety > Road Safety Consultations.

Please return any comments or objections as soon as possible and no later than 20<sup>th</sup> October 2011. Your views will ensure we deliver the right scheme for your area. If you have queries about the project please email us at [frontline.consultation@haringey.gov.uk](mailto:frontline.consultation@haringey.gov.uk) or contact our Project Engineer John McQueen on 0208 489 1158.

Yours faithfully
