- Strongly agree
- Agree
- Neither agree nor disagree
- Disagree
- Strongly disagree

Q7. Please write below any other comments you have regarding any aspect of the traffic calming and 7.5 tonne weight restriction schemes:

Thank you for answering these questions. Please fold the form and then post it back to us Freepost - no stamp required. The closing date for receipt of views and comments is 5pm on Friday 16 December 2011.

Satisfaction Survey: Palace Gates Area Traffic Calming & 7.5 tonne Weight Restriction Scheme

Dear Resident or Business,

This is your chance to 'have your say' on the recently completed measures that have been implemented following our statutory notification in the Palace Gates area. These included the introduction of 7.5 tonne weight restriction and 20mph zone throughout the area, in addition to various environmental improvements. The project has been funded by Transport for London (TfL).

The scheme is designed to deter vehicles from using residential roads as 'rat runs' to both reduce congestion and improve road safety, by discouraging aggressive driving. It is also designed to improve the streetscape. Now the work is complete we would like to hear your views and comments. Your feedback will help us assess the value and impact of the scheme and to identify any issues requiring ongoing or future attention.

Please complete the questions overleaf, then fold the form and send it to us Freepost - no stamp required. We very much look forward to receiving your response.
