

Self Directed Support Service

Do you pay for your care privately?

What help is available to you?

- You can ask us to support you in assessing your needs and we can help you decide what type of care will be best in meeting those needs
- We can give you information about care agencies and other services which might assist in meeting your needs.
- We can review your needs and circumstance at anytime at your request
- We can provide you with independent advice and information in dealing with any concerns you may have with your care
- You may not be receiving all the financial help you may be entitled to. We can arrange for you to speak with a support officer who can assist you with a full benefits check.

Who do I contact for further help?

If you would like further information on the help available for private funders, please contact our Self Directed Support Service on 020 8489 8212 or on 020 8489 8213.

Alternatively, you can attend one of the open surgeries which take place on **Wednesday between 10.00 and 12.00** at Winkfield Resource Centre, 33 Winkfield Road, Wood Green, London N22 5RP.
