

Traffic Management

Ann Cunningham: Head of Traffic Management

Tottenham Parking Zones Review: 3 White Hart Lane - Bruce Grove

20 October 2015

Dear Resident or Business,

We are writing to you about the parking controls which were introduced in your area in 2014.

These measures were brought in to tackle growing parking congestion, and to support the ongoing regeneration of Tottenham, by ensuring traffic continues to flow smoothly and there are enough places to park as the volume of traffic travelling through the area increases.

We want to find out from you what impact these controls are having on your area and whether they are meeting your needs. We welcome views from all road users including pedestrians and cyclists. Whatever your views, please help us by completing the questionnaire and returning it to us in the prepaid envelope no later than 20 November 2015. The questionnaire is also available online on the council's website: www.haringey.gov.uk/current-parking-consultations

Results of the consultation will be published on the website and discussed with your local councillors. Should any changes be proposed, there will be further consultation with residents.

There are a number of highways improvement schemes planned or underway in your area. Details are available on the website at: www.haringey.gov.uk/road-safety-consultations

For more information on the Tottenham CPZ consultation please email us at frontline.consultation@haringey.gov.uk or call Greville Percival on 020 8489 1326.

Thank you for your interest and we look forward to hearing from you.

Yours faithfully,

A handwritten signature in black ink that reads "Ann Cunningham".
