On behalf of
Grainger PLC
C/O Agent

Planning Application Reference No. HGY/2012/0915

**TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING GENERAL DEVELOPMENT ORDER 1995 (AS AMENDED)**

NOTICE OF PLANNING PERMISSION

Location: **Wards Corner Site, High Road N15**

Proposal: **Demolition of existing buildings and erection of a mixed use development comprising class C3 residential, class A1/A2/A3/A4 uses, with access, parking and associated landscaping and public realm improvements**

In pursuance of their powers under the above Act, the London Borough of Haringey as Local Planning Authority hereby **PERMIT** the above development in accordance with the application dated 08/05/2012 and drawing numbers: 10153/F/01-01; 8444/T/01A-06, 02A-06, 03A-06, 04A-06, 05A-06 and 06A-06; P(00)21B; P(00)00A, 01E, 02C, 03C, 04C, 05B, 06B, 07C, 08C, 10B, 100D, 101C, 102D, 110C, 111D and 112A

SEE SCHEDULE OF CONDITIONS ATTACHED

12/07/2012

**Paul Smith
Head of Development Management
Planning, Regeneration & Economy**

- NOTE:
1. Attention is particularly drawn to the schedule AP1 attached to the notice which sets out the rights of Applicants who are aggrieved by the decisions of the Local Planning Authority.
 2. This decision does not purport to convey any approval or consent which may be required under the Building Regulations 1991, any byelaws or any enactment other than the Town and Country Planning Act 1990.

HGY/2012/0915

The following conditions have been applied to this consent and these conditions must be complied with:

Implementation

1. The development hereby authorised must be begun not later than the expiration of 5 years from the date of this permission, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of the provisions of the Planning & Compulsory Purchase Act 2004 and to prevent the accumulation of unimplemented planning permissions.

2. The development hereby authorised shall be carried out in complete accordance with the following plans as submitted to, and approved in writing by, the Local Planning Authority:-
10153/F/01-01; 8444/T/01A-06, 02A-06, 03A-06, 04A-06, 05A-06 and 06A-06; P(00)21B; P(00)00A, 01E, 02C, 03C, 04C, 05B, 06B, 07C, 08C, 10B, 100D, 101C, 102D, 110C, 111D and 112A

Reason: In order to ensure the development is carried out in accordance with the approved details and in the interests of amenity.

Materials

3. Notwithstanding the description of the materials in the application, no part of the development shall be commenced until precise details of the materials to be used in connection with that part have been submitted to, and approved in writing by, the Local Planning Authority. The development hereby authorised shall not be carried out otherwise than in accordance with the approved details.

Reason: In order to retain control over the external appearance of the development in the interest of the visual amenity of the area

4. Samples of all materials to be used for the external surfaces of the development shall be submitted to, and approved in writing by, the Local Planning Authority before any of the relevant part of the development is commenced. Samples should include sample panels of brick types, balcony and roofing materials combined with a schedule of the exact product references. The development hereby authorised shall not be carried out otherwise than in accordance with the approved details.

Reason: In order for the Local Planning Authority to retain control over the exact materials to be used for the proposed development and to assess the suitability of the samples submitted in the interests of visual amenity.

Hours of Construction

5. The construction works of the development hereby authorised shall not be carried out before 0800 or after 1800 hours Monday to Friday or before 0800 or after 1200 hours on Saturday and not at all on Sundays or Bank Holidays.

Reason: In order to ensure that the proposal does not prejudice the enjoyment of neighbouring occupiers of their properties.

Waste storage and recycling

6. A detailed scheme for the provision of refuse, waste storage and recycling within the site shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of the development hereby authorised. The scheme as approved shall be implemented prior to occupation of the development hereby authorised and permanently retained thereafter.

Reason: In order to protect the amenities of the locality.

Disabled Access

7. The entrance door to each of the retail units hereby authorised shall have a minimum width of 900mm, and a maximum threshold of 25mm.

Reason: In order to ensure that the shop unit is accessible to all those people who can be expected to use it in accordance with Policy RIM 2.1 'Access For All' of the Haringey Unitary Development Plan.

Shopfront Design

8. Detailed plans of the design and external appearance of the shopfronts hereby authorised, including details of the fascias, shall be submitted to and approved in writing by the Local Planning Authority before any shopfront is installed. All shopfronts shall be installed in accordance with the approved details.

Reason: In the interest of visual amenity of the area.

Secured by Design

9. The development hereby authorised shall comply with BS 8220 (1986) Part 1, 'Security Of Residential Buildings' and comply with the aims and objectives of the Police requirement of 'Secured By Design' and 'Designing Out Crime' principles.

Reason: In order to ensure that the proposed development achieves the required crime prevention elements as detailed by Circular 5/94 'Planning Out Crime'.

Parking and Loading/unloading

10. No part of the development hereby authorised shall be occupied unless car parking and loading and unloading facilities to serve that part have been provided in accordance with details previously submitted to, and approved in writing by, the Local Planning Authority. . The approved facilities shall be permanently retained for the accommodation of vehicles of the occupiers, users, or persons calling at the premises and shall not be used for any other purposes.

Reason: In order to ensure that the proposed development does not prejudice the free flow of traffic or the conditions of general safety along the neighbouring highway.

11. Details of on site parking management plan shall be submitted to and approved by the local planning authority prior to the commencement of the use of the basement car parking area. The agreed plan shall be implemented prior to use of the basement car parking area and permanently maintained in operation.

Reason: In order to ensure that the proposed development does not prejudice the free flow of traffic or the conditions of general safety along the neighbouring highway.

Satellite Aerials

12. Notwithstanding the provisions of Article 4 (1) and Part 25 of Schedule 2 of the Town and Country Planning (General Permitted Development) Order 1995, no satellite antenna shall be erected or installed on any building hereby approved. The proposed development shall have a central dish / aerial system for receiving all broadcasts for the residential units created: details of such a scheme shall be submitted to and approved by the Local Planning Authority prior to the occupation of any part of the development hereby authorised, and the approved scheme shall be implemented and permanently retained thereafter.

Reason: In order to prevent the proliferation of satellite dishes on the development.

Drainage

13. The development hereby authorised shall not be commenced until details of drainage works (including a programme for implementation) have been submitted to and approved by the Local Planning Authority. The drainage works shall be carried out in accordance with the approved details.

Reason: In order to ensure a satisfactory provision for drainage on site and ensure suitable drainage provision for the authorised development.

Landscaping

14. Notwithstanding the details of landscaping referred to in the application, a landscaping scheme to include detailed drawings of:

- a. those existing trees to be retained;
- b. those existing trees to be removed;
- c. those existing trees which will require thinning, pruning, pollarding or lopping as a result of the development hereby authorised; and
- d. those new trees and shrubs to be planted together with a schedule of species,

shall be submitted to, and approved in writing by, the Local Planning Authority prior to the commencement of the development. Such an approved scheme of planting, seeding or turfing comprised in the approved details of landscaping shall be carried out and implemented in strict accordance with the approved details in the first planting and seeding season following the occupation of the building or the completion of development (whichever is sooner). Any trees or plants, either existing or proposed, which, within a period of five years from the completion of the development die, are removed, become damaged or diseased shall be replaced in the next planting season with a similar size and species. The landscaping scheme, once implemented, is to be maintained and retained thereafter.

Reason: In order for the Local Authority to assess the acceptability of any landscaping scheme in relation to the site itself, thereby ensuring a satisfactory setting for the proposed development in the interests of the visual amenity of the area.

Environmental Management Plan/Air Quality Assessment

15. Details of a site specific environmental management plan as referred to in the Air Quality Assessment September 2007 shall be submitted to and approved by the Local Planning Authority prior to the commencement of the development hereby authorised. The agreed plan shall be implemented during the period of construction.

Reason: In order to ensure that the effects of the construction upon air quality is minimised.

Noise

16. Details of the specification of the glazing to be used in the development hereby authorised with the objective of reducing noise levels within the residential units shall be submitted to and approved by the Local Planning Authority prior to the commencement of the development hereby authorised. The residential units shall not be constructed (and maintained) otherwise than in accordance with the approved details.

Reason: In order to protect the amenities of occupiers of the residential units

17. The service road ventilation plant noise emissions shall be in accordance with the limiting sound pressure level referred to in the Noise and Vibration Exposure Assessment dated May 2012 as prepared by Alan Saunders Associates

Reason: In order to protect the amenity of the occupiers of the proposed development.

Cycle Parking

18. The development hereby authorised shall provide service covered storage for 234 cycle racks for the residential units and 11 cycle racks for the commercial units, a total of 245 cycle racks to be provided. These racks shall be provided prior to occupation of the relevant part of the development hereby authorised and shall be subsequently maintained.

Reason: In order to promote a sustainable mode of travel and improve conditions for cyclists at this location.

Commercial Opening Hours

19. The commercial uses hereby authorised shall not be open to the public before 0700 or after 0100 hours on any day.

Reason: In order to protect the amenity of adjoining residential occupiers.

Servicing and Deliveries

20. A servicing and delivery plan shall be submitted to, and approved in writing by, for the local planning authority prior to occupation of the development hereby authorised. The plans should provide details on how servicing and deliveries will take place including access via the proposed service gate and the need to avoid the AM and PM peak periods wherever possible. All servicing and delivery to the development hereby authorised shall be undertaken in accordance with the approved plan.

Reason: To reduce traffic and congestion on the transportation and highways network.

21. A construction management plan shall be submitted to, and approved in writing by, the local planning authority prior to the commencement of construction work on site. The plan should provide details on how construction work (including demolition) would be undertaken in a manner that minimizes disruption to traffic and pedestrians on A503 Seven Sisters Road and Suffield Road and avoids the AM and PM peak periods wherever possible. All works of construction relating to the development hereby authorised shall be undertaken in accordance with the approved plan.

Reason: To reduce congestion and mitigate any obstruction to the flow of traffic on the transportation

Climate Change Mitigation

22. The residential development hereby authorised shall comply with Part L of 2010 Building Regulations.

Reason: To be consistent with London Plan Policies 5.2 and 5.3 and UDP Policy UD2 Sustainable Design and Construction.

Energy Modelling

23. Energy models for the commercial units hereby authorised based on NCM compliant methods shall be submitted to, and approved in writing by, the Local Planning Authority prior to commencement of works in relation to those units. The commercial units hereby authorised shall not be constructed otherwise than in accordance with the approved details.

Reason: To be consistent with London Plan Policies 4A.1 and 4A.7 and UDP Policy UD2 Sustainable Design and Construction.

Demolition Management Plan

24. Prior to the commencement of the development hereby approved, a demolition management plan detailing the method of demolition, all construction vehicle activity related to demolition works, noise, dust and vibration mitigation measures and suitable measures to enhance the external appearance of the site, including appropriate additional lighting, associated with the development hereby approved shall be submitted to, and approved in writing by the Local Planning Authority. Works of demolition associated with the development hereby authorised shall not be undertaken otherwise than in accordance with the approved management plan.

Reason: To protect the existing amenity of the surrounding area.

Photovoltaics

25. Notwithstanding the drawings submitted with the application, details and drawings of the proposed photovoltaic equipment shall be submitted to, and approved in writing by, the Local Planning Authority prior to commencement of the development hereby authorised. Such approved scheme shall be implemented prior to occupation of the development hereby authorised and shall be permanently retained.

Reason: In order to ensure the development meets the appropriate design and sustainability standards as required by London Plan Policies 5.2 and 5.3 and UDP Policy UD2 Sustainable Design and Construction.

Green/brown Roof

26. Notwithstanding the drawings submitted with the application, details and drawings of the proposed green/brown roof shall be submitted to, and approved in writing by, the Local Planning Authority prior to commencement of the development hereby authorised. Such approved scheme shall be implemented prior to the occupation of the development hereby authorised and shall be permanently retained.

Reason: In order to ensure the satisfactory provision of the green/brown roof in the interests of sustainability

Piling Method Statement

27. No impact piling shall take place until a piling method statement (detailing the type of piling to be undertaken and the methodology by which such piling will be carried out, including measures to prevent and minimise the potential for damage to subsurface water infrastructure, and the programme for the works) has been submitted to and approved in writing by the local planning authority. Any piling must be undertaken in accordance with the terms of the approved piling method statement.

Reason: The proposed works will be in close proximity to underground water utility infrastructure. Piling has the potential to impact on local underground water utility infrastructure.

Water Infrastructure

28. Impact studies of the existing water supply infrastructure shall be submitted to, and approved in writing by, the local planning authority prior to the commencement of the development hereby authorised. The studies should determine the magnitude of any new additional capacity required in the system and a suitable connection point. The development hereby authorised shall not be carried out otherwise than in accordance with the approved studies.

Reason: To ensure that the water supply infrastructure has sufficient capacity to cope with the/this additional demand.

Electric Vehicle Charging Point

29. 20% of all residential parking spaces hereby authorised shall be fitted with electric vehicle charging points (EVCP's), with a further 20% having passive provision.

Reason: To encourage the uptake of electric vehicles in accordance with London Plan Policy 6.13.

Land Contamination

30. Before development commences other than for investigative work:

a) A desktop study shall be carried out which shall include the identification of previous uses, potential contaminants that might be expected, given those uses, and other relevant information. Using this information, a diagrammatical representation (Conceptual Model) for the site of all potential contaminant sources, pathways and receptors shall be produced. The desktop study and Conceptual Model shall be submitted to the Local Planning Authority. If the desktop study and Conceptual Model indicate no risk of harm, development shall not commence until approved in writing by the Local Planning Authority.

b) If the desktop study and Conceptual Model indicate any risk of harm, a site investigation shall be designed for the site using information obtained from the desktop study and Conceptual Model. This shall be submitted to, and approved in writing by, the Local Planning Authority prior to that investigation being carried out on site. The investigation must be comprehensive enough to enable:-

- a risk assessment to be undertaken,
- refinement of the Conceptual Model, and
- the development of a Method Statement detailing the remediation requirements.

The risk assessment and refined Conceptual Model shall be submitted, along with the site investigation report, to the Local Planning Authority.

c) If the risk assessment and refined Conceptual Model indicate any risk of harm, a Method Statement detailing the remediation requirements, using the information obtained from the site investigation, and also detailing any post remedial monitoring shall be submitted to, and approved in writing by, the Local Planning Authority prior to that remediation being carried out on site.

Reason: To ensure the development can be implemented and occupied with adequate regard for environmental and public safety.

Rainwater harvesting system

31. Details of a rainwater harvesting system shall be submitted to, and approved by, the Local Planning Authority prior to commencement of the development hereby authorised. The scheme must be designed such that it is able to supply 100% of the predicted maximum requirement for additional water needed to maintain the landscaped areas of the development hereby authorised. Such approved scheme shall be implemented prior to the occupation of the development and shall be permanently retained.

Reason: In order to minimise rainwater run-off and reduce water demand in the interest of environmental sustainability.

London Underground

32. The development hereby permitted shall not be commenced until detailed design and method statements (in consultation with London Underground) for all of the foundations, basement and ground floor structures, or for any other structures below ground level, including piling (temporary and permanent), have been submitted to and approved in writing by the local planning authority which:

- o provide details on all structures
- o accommodate the location of the existing London Underground structures and tunnels
- o accommodate ground movement arising from the construction thereof
- o and mitigate the effects of noise and vibration arising from the adjoining operations within the structures and tunnels.

No part of the development shall be occupied until all the works identified in the approved design and method statements have been completed.

Reason: To ensure that the development does not impact on existing London Underground transport infrastructure, in accordance with London Plan policy 3C.4 and 'Land for Transport Functions' Supplementary Planning Guidance.

INFORMATIVES

A. The development hereby authorised is subject to covenants contained within a planning obligation entered into pursuant to Section 106 of the Town and Country Planning Act 1990 (as amended).

B. The new development will require naming/numbering. The applicant should contact the Transportation Group at least six weeks before the development is occupied (tel. 020 8489 5573) to arrange for the allocation of a suitable address.

C. There are public sewers crossing or close to the development. In order to protect public sewers and to ensure that Thames Water can gain access to those sewers for future repair and maintenance, approval should be sought from Thames Water where the erection of a building or an extension to a building or underpinning work would be over the line of, or would come within 3 metres of a public sewer. Thames Water will usually refuse such approval in respect of the construction of new buildings, but approval may be granted in some cases for extensions to existing buildings. The applicant is advised to contact Thames Water Developer Services on 0845 850 2777 to discuss the options available at this site.

D. There are large water mains adjacent to the proposed development. Thames Water will not allow any building within 5 metres of them and will require 24hours access for maintenance purposes. Please contact Thames Water Developer Services, Contact Centre on Telephone No: 0845 850 2777 for further information.

E. With regard to surface water drainage it is the responsibility of a developer to make proper provision for drainage to ground, water courses or a suitable sewer. In respect of surface water it is recommended that the applicant should ensure that storm flows are attenuated or regulated into the receiving public network through on or off site storage. Connections are not permitted for the removal of Ground Water. Where the developer proposes to discharge to a public sewer, prior approval from Thames Water Developer Services will be required. They can be contacted on 0845 850 2777.

F. In accordance with Section 34 of the Environmental Protection Act and the Duty of Care, any waste generated from construction/excavation on site is to be stored in a safe and secure manner in order to prevent its escape or its handling by unauthorised persons. Waste must be removed by a registered carrier and disposed of at an appropriate waste management licensed facility following the waste transfer or consignment note system, whichever is appropriate.

G. A contribution towards the interchange between rail and underground in order to widen corridors/walkways to the London Underground station may be required. TfL welcomes further discussion about this matter.

H. The applicant is advised to contact Thames Water Developer Services on 0845 850 2777 to discuss the details of the piling method statement.

I. The units within the proposed market (including unit(s) proposed for café/restaurant use) that abut the pavement should be designed in a way that allows each unit to open onto the pavement on Seven Sisters and Tottenham High Road.

J. Members of the Planning Sub-committee should have the opportunity to be involved in the process of approving the exterior materials to be used on the development where those details are submitted for the purposes of discharging conditions 3 and 4 of the permission.

K. The applicant is advised to contact London Underground Infrastructure Protection in advance of preparation of final design and associated method statements, in particular with regard to: demolition; excavation; construction methods; security; boundary treatment; safety barriers; landscaping and lighting.

REASONS FOR APPROVAL

a) It is considered that the principle of this development is supported by National, Regional and Local Planning policies which seek to promote regeneration through housing, employment and urban improvement to support local economic growth.

b) Having regard to paragraphs 128 and 129 of the National Planning Policy Framework the local planning authority agrees with the expert advice produced on behalf of the applicant regarding the significance of the designated heritage asset. In particular, it is accepted that:

(i) the character of the Conservation Area has been substantially determined by the High Road (together with the buildings flanking it) and the impact of changing transport requirements/infrastructure, land use, social structures and retail facilities;

(ii) the Conservation Area and its immediate setting are not now generally characterised by consistency of architectural or townscape style, appearance or quality;

(iii) the Wards Corner building has been substantially altered and significant elements of its original design have been lost, all of which detract from any significance that it had;

(iv) the terrace formed by 229 - 259 High Road has been seriously compromised by alterations and poor quality shop-fronts; and

(v) with the exception of 1A and 1B West Green where a small positive contribution is acknowledged, the buildings on site are considered to provide only a neutral contribution.

c) The scheme is considered to be of a high-quality design which enhances the character and appearance of the conservation area by having a bulk, massing and design which is commensurate to the location and is sympathetic to the architectural language of the Tottenham High Road Corridor/Seven Sisters /Page Green / Conservation Area. The scheme reinforces local distinctiveness and addresses connectivity between people and places and the integration of new development into the built historic environment. It is considered that the development proposal will result in less than substantial harm to the significance of the designated heritage asset and any harm is outweighed by the public benefits brought about by regeneration of the site. The scheme is considered to comply with paragraph 134 of the National Planning Policy Framework. Even if (which is not accepted by the local planning authority) the proposal was considered to result in substantial harm to the designated heritage asset, it is considered that such harm is outweighed by the substantial public benefits that arise.

d) The Planning Application has been assessed against and on balance is considered to comply with the:

- o National Planning Policy Framework;
- o London Plan Policies 2.15 'Town centres', 3.3 'Increasing housing supply', 3.4 'Optimising housing potential', 3.5 'Quality and design of housing developments', 3.6 'Children and young people's play and informal recreation facilities', 3.8 'Housing choice', 3.9 'Mixed and balanced communities', 3.12 'Negotiating affordable housing on individual private residential and mixed use schemes', 4.7 'Retail and town centre development', 4.8 'Supporting a successful and diverse retail sector', 4.9 'Small shops', 4.12 'Improving opportunities for all', 5.2 'Minimising carbon dioxide emissions', 5.3 'Sustainable design and Construction', 5.7 'Renewable energy', 5.10 'Urban greening', 5.11 'Green roofs and development site environs', 5.14 'Water quality and wastewater infrastructure', 5.15 'Water use and supplies', 5.21 'Contaminated land', 6.3 'Assessing effects of development on transport capacity', 6.5 'Funding Crossrail and other strategically important transport infrastructure', 6.9 'Cycling', 6.10 'Walking', 6.12 'Road network capacity', 6.13 'Parking', 6.14 'Freight', 7.1 'Building London's neighbourhoods and communities', 7.2 'An inclusive environment', 7.3 'Designing out crime', 7.4 'Local character', 7.5 'Public realm', 7.6 'Architecture', Policy 7.8 'Heritage assets and Archaeology', 7.9 'Heritage-led regeneration', 7.15 'Reducing noise and enhancing soundscapes'; and

- o London Borough of Haringey Unitary Development Plan (UDP) 2006 Policies G2 'Development and Urban Design', G3 'Housing Supply', UD2 'Sustainable Design and Construction', UD3 'General Principles', UD4 'Quality Design', UD6 'Mixed Use Developments', UD9 'Locations for Tall Buildings', HSG1 'New Housing Developments', HSG4 'Affordable Housing', HSG7 'Housing for Special Needs', AC3 'Tottenham High Road Regeneration Corridor', M2 'Public Transport Network', M3 'New Development Location and Accessibility', M5 'Protection, Improvements and Creation of Pedestrian and Cycle Routes', M9 'Car- Free Residential Developments', M10 'Parking for Development', CSV1 'Development in Conservation Areas', CSV2 'Listed Buildings', CSV3 'Locally Listed Buildings and Designated Sites of Industrial Heritage Interest', CSV7 'Demolition in Conservation Areas', EMP3 'Defined Employment Areas - Employment Locations', EMP5 'Promoting Employment Uses', ENV1 'Flood Protection: Protection of the Floodplain and Urban Washlands', ENV2 'Surface Water Runoff', ENV4 'Enhancing and Protecting the Water Environment', ENV5 'Works Affecting Watercourses', ENV6 'Noise Pollution', ENV7 'Water and Light Pollution', ENV11 'Contaminated Land' and ENV13 'Sustainable Waste Management'.

Paul Smith
Head of Development Management
Planning, Regeneration & Economy

APPEALS TO THE SECRETARY OF STATE TOWN AND COUNTRY PLANNING ACT 1990

Notes for guidance about appeal procedures in England.

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State for the Environment under Section 78 of the Town & Country Planning Act 1990.
- If you want to appeal then you must do so within six months from the date of the local planning authority's decision against which you are appealing or if the decision relates to the same or substantially the same land and development as is already the subject of an enforcement notice you must appeal within 28 days of the date of this notice. If an enforcement notice is subsequently served then you have 28 days from the date of the enforcement notice or 6 months of this decision whichever period expires earlier, using a form which you can get from:-

The Planning Inspectorate
Temple Quay House
2 The Square
Temple Quay
Bristol
BS1 6PN

Tel: 0117 372 6372 Fax: 0117 372 8782

www.planning-inspectorate.gov.uk

- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provision of the development order and to any directions given under the order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by him.

Purchase Notices

- If either the local planning authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a purchase notice on the London Borough Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Compensation

- In certain circumstances compensation may be claimed from the local planning authority if permission is refused or granted subject to conditions by the Secretary of State on an appeal or on reference of the application to him.
- These circumstances are set out in Parts IV and V and related provisions of the Town and Country Planning Act 1990.
