Dear Sir or Madam,

I note that the Site Allocations DPD just published shows planning ideas for both Tottenham and Wood Green bus garages. The document notes, correctly, that both are currently in use as operational bus garages.

Both garages are owned and operated by this company, and we plan to continue these operations long-term. Although we have had informal approaches from various council officers and members over the years, there has been no formal approach from the Council nor any discussions on relocating our operations. Planning for alternative uses is, therefore, premature and I would remind you of the Mayor's policies on protecting the infrastructure necessary to support bus operations.

More widely, much of the documents looks towards increasing housing provision, but there appears to be no discussion on how requirement for the increased public transport might be provided for.

Yours sincerely

R T Pennyfather
