

Station Square – Moselle Square

Moselle Square could be a new landscaped high-quality public space, which will be the community heart of the future High Road West. It will be place full of activities and events, and a destination for residents and visitors. It will become the new welcoming gateway into north Tottenham.

1 White Hart Lane Station and forecourt: A safe and welcoming gateway to North Tottenham

The new design should improve capacity and safety, providing a new entrance and station forecourt that leads to Moselle Square. The station will be designed to cater efficiently for a large number of visitors on match days.

2 The Community Hub: a focal point for the community on the square

This large modern building should provide a range of facilities and resources for the community, including a new library, learning and enterprise centre, community activity and meeting space, and cafés. The new Community Hub should be in an easily accessible location crossing both the square and the High Road.

3 Outdoor community and public events space: designated area for community events.

A large amphitheatre directly outside the new Community Hub, where community activities and events can take place throughout the year.

The square will also include a space for public events, which could include having an outdoor ice rink in the winter, viewing large sporting events and pop-up activities.

4 New cafés, bars and restaurants

A mix of new cafés, bars and restaurants could surround the square, which would have external seating areas to create a welcoming and relaxing place.

5 Leisure uses

New leisure facilities such as a cinema and community sports hall could be located in the square, in addition to the new Tottenham Hotspur stadium development.

6 Paved walkway from White Hart Lane Station to the High Road

A paved pedestrian boulevard could provide a direct link from the station to the High Road. On match and event days this boulevard would accommodate a large number of visitors.

Crossing the square and the High Road

Peacock Gardens

North of White Hart Lane, a new residential neighbourhood, Peacock Gardens, with open space at its centre could be created, with a large community park called Peacock Park.

A long strip of beautiful green space, Peacock Park could provide a place for quiet relaxation, as well as a range of different outdoor sports and play space, and room for community activities and growing schemes. Our vision for Peacock Park is a safe, inviting public space, designed with local people in mind, and that is well-used by the community living around it.

1 A park for quiet enjoyment

Peacock Park should be a place for quiet enjoyment reading a book, meeting friends for a picnic, taking the dog for a walk and meeting friends.

2 Children's Play space

The park should provide a range of high quality secure play space for children and young people, that will be maintained to a high standard.

3 Fitness areas

As part of the healthier community priority of the council, the park should provide opportunities for running, a trim trail and outdoor gym equipment as well as a multi use sports facilities.

4 Community Growing Area

Peacock Park should have a specific area will be allocated for the community to grow produce.

5 Cafes and restaurants

The eastern edge of the park will be lined with new cafés and shops providing an active and safe edge to the park.

6 New homes surrounding the park

Surrounding the park, within Peacock Gardens, should be rows of modern terraced homes and 1, 2, 3 & 4 bedroom apartments

Peacock Park

The High Road and White Hart Lane

The High Road will be an attractive shopping destination for local people and visitors. With a broader mix of shops, including small independent chains, larger high street chains and a large new Community hub, the High Road will offer a wider range of goods and services that will better serve the local community and attract new visitors.

White Hart Lane will be enhanced with an attractive new open space, transport improvements and new shops and cafes

1 Shop front improvements

The High Road will be enhanced through a programme of improvements to refurbish the existing Victorian building stock returning these shops to their Victorian glory and promoting the character of these properties.

2 A more attractive High Road

Improvements to paving, lighting and street furniture will also enhance the attractiveness.

3 The Community Hub

The new Community hub will be located on the High Road, helping to activate this area.

4 New open space

This will provide an attractive setting for the listed Old Station Master's House and the Grange building with seating and play areas.

5 Transport Improvements

There will also be improvements to transport with enhanced bus stops, a cycle lane and improvements to the layout to ensure White Hart Lane is easier and more attractive for pedestrians to use.

6 New shops and cafes

A range of new shops and cafes will also be provided on the southern side of White Hart Lane, ensuring the area remains active and
