Subject: Site Allocations DPD -comment

John Crompton, 14 Donovan Avenue, London, N10 2JX

This comment is submitted by the Muswell Hill and Fortis Green Association following a recent Committee meeting.

We thought that the document was very interesting and provides a very useful "one stop" overview of all the exciting things which are happening in Haringey.

We do not have a comment on a specific site so it was not appropriate to use the online survey. We do however wish to draw attention to the description of Muswell Hill which appears on page 94. This shows every sign of being drafted in a hurry and it does not really make sense so could do with a redraft. Also, whilst it is good to see the Conservation Area status being referred to in connection with Muswell Hill, it is not clear why the same has not been done with the three other areas which are described on this page. In fact there does not seem to be much consistency at all –why for example quote the number of retail units in Crouch End but not in the other areas?
