

## Our Promise...

Convenience  
Flexibility  
Independence

There are many reasons why you are sometimes unable to cook a nutritious and tasty meal for yourselves, Home Service is there to enhance your lifestyle and provide the meal for you.

## Our People...

We are committed to providing you with a professional friendly service. Each driver has been carefully selected and individually trained in food safety and customer care, ensuring you receive a 'first class' delivered meal service that will meet all your needs.

Our order process is quick and easy just call our helpful staff on the number below and we will send you a menu, price list and order form.

Good food and great variety  
- delivered direct to you!

# Welcome to Home Service

## Who are we?

As part of one of the worlds largest catering companies, Sodexho Home Service delivers more than two million meals, every year direct to homes throughout the UK.

Our professional service is setting new quality standards for both hot and frozen home delivered meals.

## Our commitment

### Our drivers:

All our drivers are vetted and have full criminal records bureau checks.

They wear a uniform and ID pass so you can be confident they are sent from Sodexho.

### Our food:

All our meals are prepared adhering to all current hygiene regulations and supported by a quality management system.

We are confident that our meals and services will meet your standards.

## Delivered direct to you...

We can deliver either hot or frozen meals, which ever best meets your needs.

### Hot meals

Our easily recognisable delivery vehicles have their own unique oven, cooking each meal en route. This guarantees your meal arrives each day ready to eat in perfect condition and at the right temperature.

### Frozen meals

If you prefer to do your own cooking, our frozen meals service is ideal for you. The frozen meals will be delivered on a weekly or fortnightly cycle so that you can heat them yourself in a microwave or conventional oven whenever you wish.

## Meals available

You will be able to select from our Simply Serve range, which offers a wide choice. We also provide a range for special dietary needs and ethnic meals.

## How do I order? It's easy...

Our order process is quick and easy just follow the instructions on the back page, to get a Home Service menu and price list.

## Do I need special equipment?

If you have the hot meals, no! The meal will be delivered hot everyday.

If you have the frozen service you will need to have space in your freezer for your order and a conventional oven or microwave to heat your meals.

## How often do I get the meals?

If you choose the hot service we deliver daily Monday to Friday, so which ever days you choose to have a meal, we can deliver to you.

If it is the frozen service we will deliver either weekly or fortnightly again to suit your needs. We do have a minimum order of 6 courses.

## How do I pay?

The quickest and simplest way is to pay our driver on delivery, or we can arrange for you or someone to pay on your behalf, in which case you will be invoiced monthly.
