Works Notice

Implementation of Extended Crouch End A CPZ

Dear Resident or Trader,

You may recall our notification letter in July 2011 about the proposed extension of Crouch End 'A' Controlled Parking Zone (CPZ). We received numerous representations from both within and outside the proposed extended area and on behalf of the Council I would like to thank all those who took the time to have their say and make their views known.

A majority of the representations received from the proposed extended area indicated support for the proposals and the Council has therefore decided to proceed with the extension of to include the following roads:

- Abbeville Road
- Barrington Road
- Carysfort Road
- Harefield Road
- Palace Road
- Park Road (Between its junctions of Lynton Road and Barrington Road)

The operating hours and days of the extended **Crouch End A CPZ** will be from **10am to 12noon. Monday to Friday. The extended CPZ will become operational on 12 December 2011** from which date a valid parking permit will be required to park in the CPZ during operational hours

A copy of the council's report with details of representations and the Council's response is available to view on our website www.haringey.gov.uk under Environment & Transport > Parking > Parking Consultations > Recent Parking Consultations.

Formal notices advising of the work will be published on **3 November 2011** and we intend starting work week commencing **7 November 2011** on line marking and installation of signs and posts. The work should take about 5 weeks to complete, weather permitting. We will make every effort to minimize traffic disruption while the work is in progress.

Double yellow line restrictions will be implemented at some locations, primarily junctions, to improve visibility for pedestrians and motorists by discouraging the inconsiderate and

#

obstructive parking at junctions, near pedestrian crossing points and in narrow roads; which can represent a real hazard to road safety.

A resident permit application form is enclosed. It contains explanatory notes and details of charges. Resident and other types of permit application forms can also be downloaded from the website. If you have more than one vehicle you will need to complete a permit application form for each additional vehicle.

Businesses requiring permits should visit www.Haringey.gov.uk/parking to see our policy on business permits and to download a business permit application form.

Please submit your permit application by post, preferably as soon as possible. Upon receipt of your application we will send you via 2nd class post an acknowledgement letter to confirm that it has been received by us. When bringing in a new zone we also need to make changes to our permit processing system and we therefore cannot physically process your application until after 19th November. You cannot obtain a permit from our Customer Service Centre before 19th November.

Please note that if you choose to apply in person at a Customer Service Centre you may find that wait times are far longer than normal during busy periods.

We will process all received permit applications ready for the start date of 12th December. Please do not delay submitting your application by post to us.

If you have any queries about parking permits, charges, or need a further application form please where possible email parking@haringey.gov.uk If you do not have access to email please contact us on 0208 489 1000.

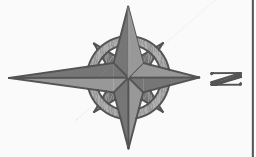

If you have queries or comments about roads included in the CPZ, or about the associated highways work, please email frontline.consultation@haringey.gov.uk or contact Vincent Valerio (Project Engineer) on 0208 489 1325. Alternatively, you can write to us at the address above.

Thank you for your attention.

Yours faithfully,

Ann Cunningham
Head of Traffic Management
