

## Preparation Prior to Treatment

### **Fleas**

- Ensure that all pets are treated
  
- Thoroughly vacuum and wash at high temperature all bedding used by pets
  
- Vacuum entire premises very thoroughly and dispose of the Hoover bag externally
  
- Pick up any objects from the floors, such as childrens toys, books, records, CDs.
  
- Remove all electrical equipment from the floor
  
- Ensure that the entire floorspace is clear and suitable for spraying with insecticide
