What is “The A Team”?

We are a friendly and hardworking group who offer a low cost domestic chores service to people in the community.

This is done as part of a training programme and work experience scheme for our workers.

What services do we offer?

- General office cleaning
- Home cleaning
- Light removals
- Basic garden maintenance

So, what do you get when you hire the A Team?

Work that is:

- tailored to meet your individual needs
- moderately priced with very affordable rates – we will offer special rates and discounts on request. Our low cost, value for money service includes all the equipment and cleaning materials we need to do the work and staff travel expenses.

Recycling is our speciality

We will take your recyclable rubbish to Haringey’s public recycling centres for very low rates. Just separate and bag them and we will do the rest.
