Turnpike Lane/West Green Area DIY Streets Project

Dear Resident or Trader,

As part of the Turnpike Lane/ West Green Area DIY Streets Project Haringey Council proposes to introduce a street improvement scheme in your area. These proposals have been developed as a result of liaison between residents, Sustrans and Haringey Council. As you may already be aware, over the past year Sustrans on behalf of the Haringey Council have undertaken consultation and design in your area. This has involved outdoor events, design sessions, a community blog, newsletters and surveys. The community's involvement has been an integral part of the process and we now seek your final views on these proposals.

The proposal incorporates improved pedestrian and cycle accessibility, features to reduce vehicle speeds and accidents, increased tree planting and play areas. Feature locations and descriptions can be found in the plan overleaf. Further details can be found in the community notice board beside Langham Parade or online at www.diyturnpikelane.wordpress.com.

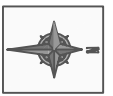

This notification leaflet marks the start of a statutory notification period in which we invite you to tell us what you think about the proposals set out in the plan overleaf. This document is also available online and you can leave feedback that way if preferred, at www.haringey.gov.uk under Environment & Transport > Roads & Streets > Road safety > Road Safety Consultations.

Public notices will be displayed at visible locations in your neighbourhood detailing the proposed improvements. The proposed changes will also be advertised in the local press and the London Gazette.

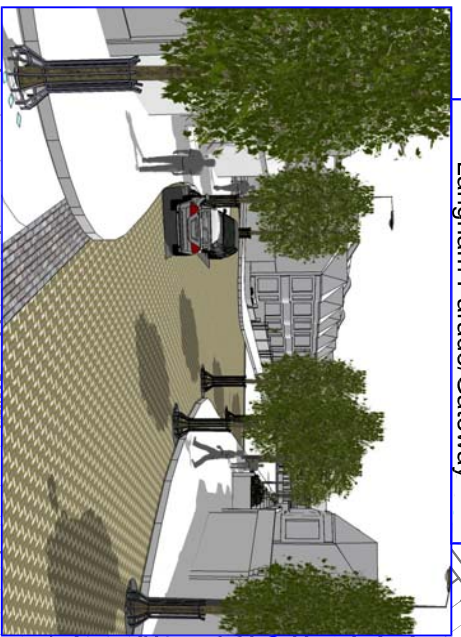

Please return any comments or objections as soon as possible and no later than 2nd September 2011. Your views will ensure we deliver the right scheme for your area. If you have queries about the project please email us at frontline.consultation@haringey.gov.uk or contact our Project Engineer John McQueen on 0208 489 1158.

Yours faithfully

Joan Hancox
Head of Sustainable Transport

- As part of this scheme we aim to de-clutter the area of redundant signage, guardrail and bollards.
- Drainage will be provided if necessary to avoid ponding.
- Street lighting to be upgraded on Waldeck Road, Downhills Park Road and Carlingford Road between Stanmore Road & West Green Road.
- Street lighting to be introduced along Langham Place.
