

**Retail**

- Wood Green should continue to improve in order to attract major High Street retailers to the town centre.
- Smaller independent shops should be encouraged, especially in the southern half of the High Road to provide a good mix of shops for everyone.

**Leisure**

- The southern half of the High Road should be promoted as a location for restaurants and cafés.
- Family friendly leisure uses should be promoted in the town centre.

**Building quality**

- Good quality buildings should be protected and enhanced and new buildings should be of the highest quality.
- Town centre development should be sensitive to the Noel Park and Trinity Gardens conservation areas which are adjacent to the town centre.

# Wood Green Town Centre

## Draft Supplementary Planning Document

Haringey Council has prepared a new Supplementary Planning Document (SPD) for Wood Green town centre. This will form part of our set of planning documents for the Borough and sets out our vision for the future of the town centre.

The purpose of the document is to ensure that any new development which takes place in the town centre is of the highest quality and to set out ideas which will improve the public spaces and facilities in Wood Green. We hope you will take the time to look at the exhibition and let us know your views by answering the questions on the next page.

**The consultation period starts on Saturday 17 May 2008 and ends on Wednesday 25 June 2008.**

### Consultation exhibition

On Saturday 17 May and Sunday 18 May 2008 the Council team will be in Shopping City with the exhibition about the draft SPD.

Following this, the exhibition will move to Wood Green Library on Monday 19 May where it will be available to view during the normal library opening hours:

Monday – Friday: 8.45am – 7.00pm

Saturday: 9.00am – 5.00pm

Sunday: 12.00 - 4.00pm

You can view the exhibition and all the documents relating to the SPD at Wood Green Library between Monday 19 May 2008 and Wednesday 25 June 2008. Alternatively you can access them online at:

[www.haringey.gov.uk/woodgreenspd](http://www.haringey.gov.uk/woodgreenspd)

### Contact us

Please post your completed leaflet to:

Deborah Hogan  
Physical Regeneration Team  
Haringey Council  
Unit 212, Technopark  
Ashley Road  
Tottenham N17 9LN

Tel: 020 8489 4542

[Deborah.Hogan@haringey.gov.uk](mailto:Deborah.Hogan@haringey.gov.uk)

You can also use this address to contact us if you have any questions about the SPD or would like to send us further comments.

All responses to the draft SPD must be received by 5pm on Wednesday 25 June 2008. If you wish to receive notification of the adoption of the SPD please let us know.

## Your Views

We would like to know what you think about the draft Wood Green SPD.

Please give your responses to the ideas below using the tick boxes. There are five options ranging from strongly agree to strongly disagree. There is also space over the page for you to add further comments.

Strongly agree      Strongly disagree

### Vision for Wood Green

- I agree with the draft Vision for Wood Green

### Accessibility

- East-west links to Haringey Heartlands should be improved.
- The town centre should have wider, better pavements and safer crossing points.

### Character areas

- The different character of the areas within Wood Green town centre should be promoted, creating a variety of shopping and leisure provision.

### Sustainability

- New development in the town centre should be designed to the highest sustainable standards.
- There should be a gradual reduction in town centre parking to encourage people to walk, cycle or use public transport.
- New development in the town centre should be high density and mixed use to take advantage of the excellent public transport links.

### Public realm

- Trees and green spaces should be introduced within the town centre whenever possible.
- Pavements should be widened to give more space to pedestrians and create a more relaxed shopping environment.
- There should be better facilities on Ducketts Common with easy links to the High Road.

### Safety

- Where sites are being redeveloped, care should be taken to design out alleys and other spaces which might attract crime.
- A mix of different uses within new development (for example, flats above shops) will make the town centre feel safer at all times of the day

### Congestion

- Cars should be banned from using the High Road at peak shopping periods.
- Buses should be given more priority over cars to make them quicker and better to use.
- Deliveries to shops should be better organised and heavy vehicles discouraged from using the High Road during peak hours.

### Infrastructure and amenities

- Public amenities, such as the Library should continue to be located within the town centre.
