7 June 2007

Dear Resident or Trader,

STATUTORY CONSULTATION

Wood Green Controlled Parking Zone (CPZ) – Review (Existing)

During October and November 2006 the Council carried out a review of the Wood Green CPZ. We invited residents and traders in the CPZ area to give their views on the operation of the scheme. I would like to thank everyone who returned their questionnaires.

What did you tell us?

As you may be aware, the **Wood Green CPZ** is divided into two different zones – **Inner Zone** and **Outer Zone**. The feedback received from the Review for the two zones indicated that:

Wood Green – Inner Zone currently operates Monday to Sunday 8am - 10pm

- The majority of respondents were either very or fairly satisfied with the CPZ overall.
- The largest single response favoured maintaining the existing days of operation of the current CPZ.
- The majority of respondents favoured a reduction in the existing operating hours, with the largest single response in favour of 8 am – 6.30 pm hours of operation.
- The largest single response was satisfied with the operating **days** of the **Inner Zone**, however the majority of respondents favoured a reduction in the operating **hours** of the **Inner Zone**.

Wood Green – Outer Zone currently operates Monday to Saturday 8am - 6.30pm

- The majority of respondents were either very or fairly satisfied with the days of operation of the current CPZ
- The majority of respondents were either very or fairly satisfied with the hours of operation of the current CPZ
- These results indicate that the majority of respondents were satisfied overall with the current operating days and hours of the **Outer Zone**.
- The majority of respondents were either very or fairly satisfied with the CPZ as it currently operates.

Should you wish to view a full breakdown of the responses received from the Wood Green CPZ Review please visit the Haringey website on: www.haringey.gov.uk/recent_parking_consultations.htm

As part of the CPZ review we also consulted the roads surrounding the CPZ, asking whether or not they would like to be included in a possible extension. The feedback we received indicated support for an extension of the CPZ, as shown on the attached plan. The Council has developed a proposal to extend the Wood Green Outer zone into the surrounding roads, maintaining the operating days and times of Monday – Saturday, 8 am - 6.30 pm.

Our Proposals

Based on the feedback received, we are proposing to change the operating hours of the **Wood Green Inner Zone** to reflect your views as follows:

Wood Green Inner Zone proposed operating hours – **Monday to Sunday 8am – 6.30pm**

Further Measures

We will also take this opportunity to modify some of the existing bays. The changes will include, converting some of the existing free bays to Residents or Pay and Display bays. These changes were identified through the Review process and additional feedback.

We are also proposing to:

- Change the hours and days of operation of the current **Inner Zone** roads of **Acacia Road** and **Winkfield Road**, so that these roads will now become part of the **Outer Zone** with operating hours – **Monday to Saturday 8am – 6.30pm**.
- Introduce pay and display parking bays on the north side of **Lordship Lane** between Winkfield Road and Acacia Road.
- Change business bays designation to shared use business/resident bays on the east side of **Cumberland Road** between Warberry Road and Ringslade Road.
- Extend the **Wood Green Outer Zone** into the surrounding roads with operating hours of **Monday – Saturday, 8am – 6.30pm**.

Charges

The charging structure for CPZ parking permits was recently reviewed and will be based on the CO2 emissions from your vehicle (or the engine size of your vehicle if registered before 23 March 2001). You can find more information at www.haringey.gov.uk/parking_charge_review

These changes in parking charges are anticipated to commence from 1 July 2007.

The charges are as follows opposite:

Band	First permit [Annual]	Second and subsequent permit per household
1 (up to 100 CO ₂ g/km)	£15	£15
2 (101-150 CO ₂ g/km)	£30	£60
3 (151-185 CO ₂ g/km)	£60	£100
4 (186 CO ₂ g/km and over)	£90	£150

Engine size	First permit (Annual)	Second and subsequent permit per household
1549cc or less	£30	£60
1550cc to 3000cc inclusive	£60	£100
3001cc and above	£90	£150

Next Steps

To enable any parking controls to be legally enforceable the council is required to enter into a further stage of consultation known as Statutory Consultation. This is the legal part of the process and takes the form of a public notice advertised in the local press, London Gazette and visible locations within the area to inform of the Council's intentions.

The notice will be advertised on 7 June 2007 and provides a 21-day consultation period for interested parties to make representations regarding the Council's intentions to implement parking controls. You should note that statutory consultation differs from informal consultation in that any interested party can make representations, rather than restricting the consultation to a specified area. Responses are also analysed according to the comments made, rather than based on "Yes/No" responses.
