

Hair

What should I do with my hair?

Cut it short

Shave it clean

Grow it long

Spray some sheen

Add a hairpiece

Or wear a wig

A long weave

Down to my knees

A natural fro

Some Bantu knots

Twist it up

No, cornrow please

Relaxer or texturise

Single plaits

Finger wave

Maybe gonna locks it up

Don't feel no way

Cause whatever style I choose

I wear my hair with pride
