STATUTORY CONSULTATION

Proposed Electric Vehicle Charging Points (EVCPs) – Batch 4

Dear Resident or Business,

As part of the council's policy to promote and encourage the uptake of Electric Vehicles, we are proposing to increase the number of Electric Vehicle Charging Points by installing up to 40 additional points at 17 locations across Haringey. These will be part of the Source London charging network and will be accessible to Source London members, and all other users on a 'pay as you go' basis.

We are writing to you that charging points are being proposed in, or near your road, and these will require designated parking bays for the specific use of electric vehicles charging only. As part of this will also be extending some double yellow lines for the locations near junctions. The attached list outlines the locations where EV charging bays are proposed across the borough. The detailed design plan for each location are available on our website <https://www.haringey.gov.uk/new-ev-charging>.

In order to introduce the charging points and bays we are required to carry out statutory consultation so that we can legally enforce. This is the legal part of the process and takes the form of a public notice advertised in the local press, London Gazette and displayed in visible locations on street, to inform of the council's intentions.

The statutory consultation on this change will begin on Wednesday 22 March 2023 and provides a 28-day period for anyone wishing to object to the proposals. You can send us your objection or submission via the online portal <https://consultation.appyway.com/haringey> or email traffic.orders@hargey.gov.uk. Alternatively, you can write to us at the postal address shown on this letter. Please ensure that '2023-T08 EV Charging points batch 4' and location name is included within the subject title when responding. The closing date for objections to be received by the Council via email or post is 19 April 2023.

If you have any questions regarding the scheme, please contact us: frontline.consultation@haringey.gov.uk.

Comments must be received no later than 19 April 2023.

Thank you for your attention,

Yours faithfully,

Parking Schemes
