

# “I have a Dream” Mobile

## YOU WILL NEED:

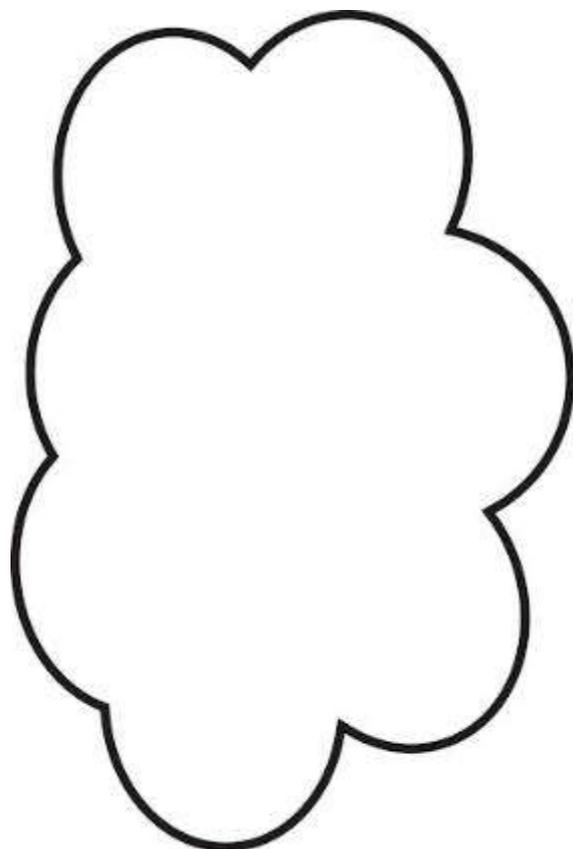

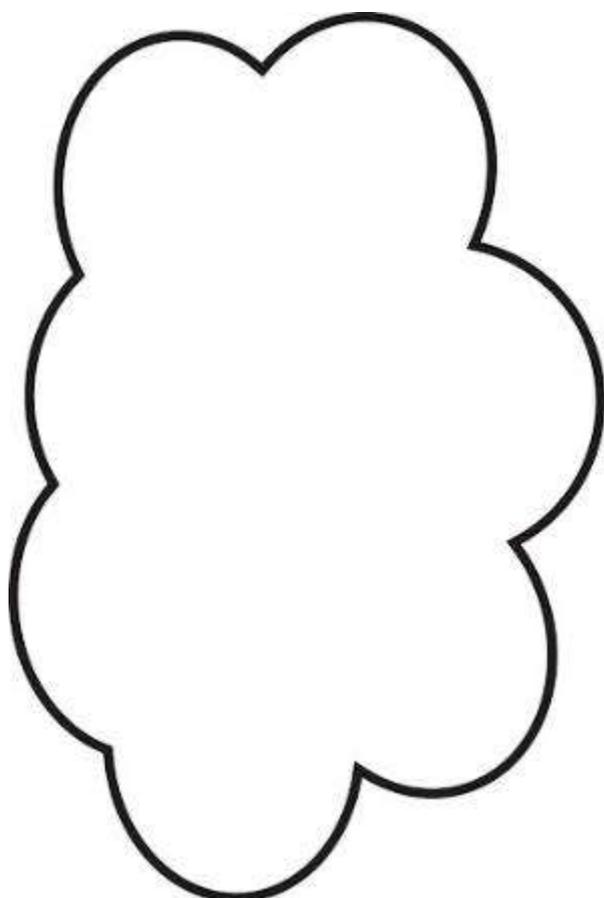

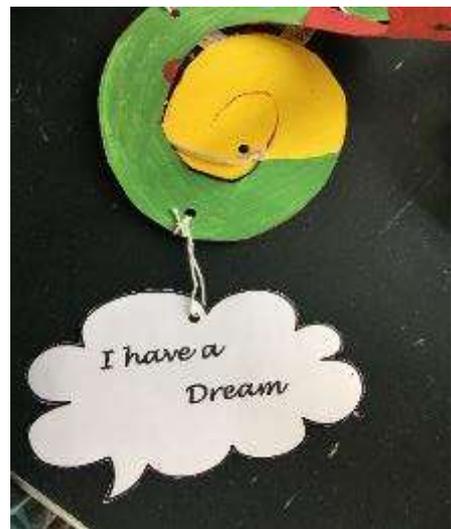

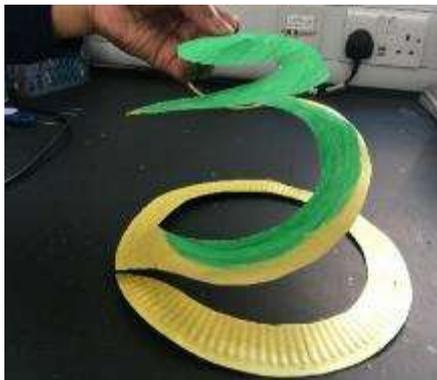

- ❖ 1 Paper Plate
- ❖ Scissors
- ❖ Tape
- ❖ String
- ❖ Pencil, Crayons, Paint and/or markers

## STEPS:

- 1- Think about African & Caribbean figures who inspire you. Look online for images of them and some of their famous quotes
- 2- You can then print or draw your own version of their images and colour in and decorate – make sure the images/drawings are not too large and you can choose different sizes to make it a little more fun
- 3- Use the cloud template below, cut and decorate, and write in some of the inspiring quotes, or some of your own aspirations and dreams – we love the quote by Marcus **Garvey** “With confidence, you have won even before you have **started**” and of course **the speech by Dr King** “I Have a Dream”
- 4- Use a paper clip or scissors to punch a hole on top of your decorated images
- 5- Decorate your paper plate, using crayons, paint or markers and let it dry
- 6- Cut a spiral shape into the plate (see image below) you should end up with a snake shape!
- 7- Use a paper clip or scissors to punch a hole on one end of the plate and then series of holes throughout. You will be using these holes to hang your images and quotes
- 8- Use the string to connect the clouds and your decorated images to the holes in your paper plate
- 9- After all the photos and quotes are attached, adjust the length of the strings so that all photos and quotes hang in place and
- 10- Hang your paper plate and be inspired if things feel a bit hard 😊

**Caution:** Adult supervision will be required when using scissors. Small parts can be a choking hazard. Do not leave children unattended during project.
