Introduction

1. Since April 2013, all council tax billing authorities in England are required to set up a scheme to help people in financial need pay their council tax. This document is a plain English companion guide describing the scheme set up by the London Borough of Haringey, for the period 1st April 2025 until 31st March 2026. The guide is designed to be a helpful resource, but it does not vary or override the scheme. Should there be any inadvertent discrepancies between the scheme and the guide, the scheme prevails.
2. The scheme is called a Council Tax Reduction Scheme because any support usually takes the form of a reduction in council tax liability, and therefore a reduction in the applicant's council tax bill.
3. This companion guide accompanies Haringey's council tax reduction scheme which can be found [here](#). Further information on those aspects which must be followed in all schemes can be found in the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 (and subsequent amendments).

Overview of the scheme

Pension-age applicants

4. The Government has decided that pensioners¹ should have broadly the same level of support that they had in the old Council Tax Benefit scheme. This means that the Council must follow the rules decided by central Government.²
5. Subject to some overall conditions (see paragraph 9), there are three groups of pensioners in financial need who the scheme is designed to help:
 - those whose income is no greater than the set amount allowed for living expenses; these pensioners qualify for up to a 100% reduction on their council tax bill;
 - those whose income is greater to a certain extent than the set amount allowed for living expenses; these pensioners will have 20% of the difference between their income and the amount for living expenses deducted from the maximum amount of council tax reduction that would otherwise be payable;
 - those where there is a second adult sharing the household who would normally be expected to contribute towards the council tax bill, but who cannot afford to

¹ See Annex 1 (Glossary) for definitions of 'pensioner' and 'working age'. A pensioner is a person who has reached the qualifying age for State Pension Credit and is not (or where there is a partner the partner is not) receiving a working-age income-related benefit. However, the definition of a pensioner does include those who have reached pension age and are receiving Universal Credit because of the closure of Working Tax Credit.

² Set out in the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 (as amended from 2013 to 2023).

do so; these pensioners will see a reduction in their council tax bill of either 7.5%, 15%, 25% or 100%, depending on the circumstances of the second adult living in the household (see Appendix 2).

6. Where a pensioner is receiving the guarantee part of State Pension Credit,³ their income and capital are ignored for the purposes of council tax reduction, so the pensioner receives a 100% reduction on their council tax bill. Where a pensioner is receiving only the savings credit part of State Pension Credit, the amount of income and capital used in the Department for Work and Pensions assessment is used for the calculation of council tax reduction.⁴

Working-age applicants

7. The Council has devised its own scheme for working-age applicants which is similar in most respects to the scheme for pensioners.
8. Subject to some overall conditions (see paragraph 9 below), there are three groups of working-age applicants in financial need who the scheme is designed to help:
 - those whose income is no greater than the set amount allowed for living expenses. In these circumstances, where a working-age applicant is disabled or is responsible for a child or young person in the same household, they can qualify for up to a 100% reduction on their council tax bill; otherwise, they can only qualify for up to an 80.2% reduction;
 - those whose income is greater to a certain extent than the set amount allowed for living expenses; these working-age applicants will have 20% of the difference between their income and the amount for living expenses deducted from the maximum amount of council tax reduction that would otherwise be payable;
 - those where there is a second adult sharing the household who would normally be expected to contribute towards the council tax bill, but who cannot afford to do so; these working-age applicants will see a reduction in their council tax bill of either 7.5%, 15%, 25% or 100%, depending on the circumstances of the second adult living in the household (see Appendix 2).
9. The overall conditions for applicants to receive financial assistance from the scheme are that they:
 - live in the property as their main home; and
 - are liable to pay council tax; and
 - meet the residence rules; and
 - have capital not exceeding £16,000 (£10,000 for working-age applicants); and

³ Including pensioners who would receive State Pension Credit but do not because of the 'small payment' rules.

⁴ See paragraph 36 (page 54) of the Haringey scheme and paragraph 14(2) of Schedule 1 to Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for modifications to these general rules.

- have income at or below a certain amount; and
- have made an application for assistance from the scheme; and
- qualify for entitlement of no less than £1.00 a week (working-age applicants).

Living Allowances

10. In the calculation of council tax reduction, the amount allowed for living expenses for applicants not in receipt of Universal Credit is made up of the following components:
 - an amount for the applicant or, if they are a member of a couple, an amount for both of them;
 - if appropriate, an amount for children or young persons who are members of the applicant's family, together with an additional amount – the family premium;⁵
 - if appropriate, additional amounts, or premiums, as set out in Appendix 1, for example to cover expenses associated with disability.
11. There are different arrangements for applicants receiving Universal Credit which are explained in paragraphs 42-46. There are also special arrangements for polygamous marriages (see Annex 2).⁶
12. An applicant is treated as responsible for a child or young person who is normally living with them. Where a child or young person spends broadly equal amounts of time in two separate households, or if there is a question as to which household a child or young person lives in, the person who receives Child Benefit (or who has applied for Child Benefit) in respect of that child or young person is treated as responsible. In the absence of a Child Benefit claim, the person who has primary responsibility is treated as responsible. For the purposes of this scheme, only one person can be responsible for a child or young person in any one council tax reduction week.

⁵ The number of children or young persons included in the calculation for pensioners was limited to two from 1st April 2018, but this limitation is removed from April 2025. This follows amendments to the prescribed requirements regulations. The Council has decided not to apply the two-child limit to working-age applicants. The family premium was withdrawn for pensioners from 1st May 2016 in the prescribed requirements regulations, but the Council has decided to include it for working-age applicants.

⁶ See Part 6 of the Haringey scheme (Applicable Amounts), paragraphs 25-28, page 40 onwards.

Treatment of income

(Paragraphs 13-25 apply to pensioners and working-age applicants not receiving Universal Credit)

13. In the calculation of council tax reduction, most income is taken into account, although some types of income are ignored in whole or in part. The definition of income includes earnings, benefits and pensions⁷ and the following paragraphs explain how various types of income are treated in the calculation. The income of an applicant's partner is treated as belonging to the applicant.
14. Income is calculated on a weekly basis. In order to arrive at the weekly amount of earnings and other income to be taken into account, a monthly payment is multiplied by 12 and divided by 52; a three-monthly payment is multiplied by 4 and divided by 52 (pensioners only); where the payment is for a year, the amount is divided by 52 (pensioners only); where a payment is for less than a week, it is the weekly amount; in other cases, the amount is converted to a daily amount and multiplied by 7. Where applicable, an assumed income from capital is added (see paragraph 34) and, where relevant and subject to certain conditions, childcare charges are deducted. The weekly maximum amounts to be deducted are £175 for one child and £300 for two or more children.
15. Where incurred, childcare charges can be deducted from income where the applicant is:
 - A lone parent who is in remunerative work⁸;
 - A member of a couple both of whom are in remunerative work;
 - A member of a couple one of whom is working and the other is incapacitated, in hospital or in prison.
16. Annex 3 explains these childcare provisions in more detail and contains a definition of the childcare charges which can be deducted.

Earnings from employment

17. In the calculation of council tax reduction, an applicant's net earnings are taken into account, after deductions have been made from their gross earnings for: income tax, class 1 National Insurance contributions, and 50% of contributions to occupational or personal pension schemes.
18. Where an applicant has earnings from employment, the weekly amount of earnings is averaged over 5 weeks prior to the first week in which support is payable if the applicant is paid weekly, and 2 months if the applicant is paid monthly. However,

⁷ See paragraph 39 (page 56) of the Haringey scheme and paragraph 16 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a full definition.

⁸ See Annex 1 (Glossary) page 31 for a definition of remunerative work.

where an applicant's earnings fluctuate, earnings can be averaged over any reasonable period. If an applicant has been working for less than 5 weeks or 2 months, the average weekly earnings are estimated based on either any earnings received, if representative of future earnings, or an estimate provided by their employer. If earnings change during the period of an applicant receiving council tax reduction, average earnings are estimated over any reasonable period but not more than 52 weeks.

19. Earnings are taken into account from the date of application even if they were not received during the week of application. Where an applicant starts work after an application for council tax reduction has been made, earnings are taken into account from the first support week after they began work, even if they were not actually received in that week. Similar arrangements are made when earnings change.
20. See Annex 4 for the definition of earnings as an employed earner.

Self-employment

21. An applicant for council tax reduction is treated as a self-employed earner if they are gainfully employed otherwise than as an employed earner, but it is possible for an applicant to be both a self-employed and an employed earner at the same time.
22. Where an applicant is self-employed, weekly earnings are estimated over a reasonable period but no more than over 52 weeks. For pensioners the period is 52 weeks in most circumstances. (See Annex 5 for a description of how self-employed earnings are calculated.)

Other income

23. Income other than earnings is fully taken into account unless specified in Appendix 4 which lists income that is ignored. Weekly income other than earnings is also estimated over a reasonable period but no more than over 52 weeks. Any tax payable on income is ignored. (See Annex 6 for a description of how income other than earnings is calculated.)
24. Benefit income is taken into account over the period in which it is paid. The period over which a tax credit payment is taken into account varies depending on whether the payment is a daily, weekly, two-weekly or four-weekly instalment. Benefit income taken into account is normally the gross amount before any deductions are made from it. If Working Tax Credit is subject to overpayment recovery, the amount of Working Tax Credit taken into account is the net amount, i.e. after the deduction for the overpayment has been made. Capital paid by instalments in some circumstances, and annuity payments, are treated as income. See Annex 7 for more details.

25. In most cases, income that the applicant has not obtained (for example, a deferred pension) but is available on application is treated as possessed by them, but only from the date on which it could be obtained.⁹ With some exceptions¹⁰, payments made to third parties on behalf of the applicant are treated as possessed by the applicant.
26. If it appears to the Council that an applicant has come to an arrangement with a non-dependant member of the household specifically to take advantage of the council tax reduction scheme, where the income and capital of the non-dependant exceeds that of the applicant, the income and capital of the non-dependant is treated as if it were the applicant's, and the applicant's income is ignored. This rule does not apply in the case of an applicant in receipt of the guarantee part of State Pension Credit, Income Support, income-based Jobseeker's Allowance or income-related Employment and Support Allowance.

Treatment of capital

(Paragraphs 27-34 apply to pensioners and working-age applicants not receiving Universal Credit)

27. Subject to paragraph 6 regarding State Pension Credit, if a pensioner applicant has more than £16,000, or a working-age applicant has more than £10,000, no council tax reduction is payable under the scheme.¹¹
28. All capital is taken into account in the calculation of the award, including income treated as capital, unless it is listed in Appendix 5 in which case it is ignored. The capital of a child or young person who is a member of the applicant's family is also ignored. The capital of an applicant's partner is treated as if it belonged to the applicant.
29. Certain types of income are treated as capital. See Annex 7 for a full list.

Notional capital

30. If an applicant deliberately disposes of capital in order to obtain council tax reduction, it is assumed that the applicant still possesses that capital and it is therefore taken into account. This notional capital is reduced over time by the amount that the applicant would have received in council tax reduction if they had not been treated as having that capital. With certain exceptions, where an applicant fails to realise capital which they own, that capital is also taken into account. Most

⁹ See paragraph 45 (page 66) of the Haringey scheme and paragraph 22 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for full definition.

¹⁰ See paragraph 46 (page 68) of the Haringey scheme and paragraph 23 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a list of exceptions.

¹¹ See paragraph 23 (page 40) of the Haringey scheme. This does not apply to people who apply under the alternative maximum council tax reduction part of the scheme – see Appendix 2, page 44.

payments of capital made to a third party on behalf of the applicant are taken into account.¹²

Calculation of capital

31. Capital which an applicant possesses in the United Kingdom is calculated at its current market or surrender value less:
 - 10% if there are expenses attributable to its sale, and
 - the amount of any monetary claim secured against it.
32. Capital which an applicant possesses outside the United Kingdom is treated in the same way except that it is calculated:
 - at its current market or surrender value in that country if it can be transferred to the United Kingdom; or
 - if it cannot be transferred to the United Kingdom, at a price which it would realise if it were sold in the United Kingdom to a willing buyer.
33. Where an applicant owns capital jointly with one or more persons, each share is treated as equal unless there is evidence to the contrary.
34. Where an applicant has capital exceeding £10,000 (or exceeding £6,000 for working-age applicants), income of £1 is assumed for every complete £500 (£250 for working-age) up to a maximum of £16,000 (£10,000 for working-age). In making this calculation, if the final part of the excess is not a complete £500 (£250 for working-age), an income of £1 is nevertheless taken into account.

Calculation of council tax reduction

Maximum council tax reduction

35. Council tax is calculated on a daily basis. For any day for which an applicant is liable to pay council tax, the maximum amount of council tax reduction for pensioners is 100% of the amount of council tax set by the council for the applicant's dwelling, less any appropriate discount, divided by the number of days in that financial year.
36. For working-age applicants, where a working-age applicant is disabled¹³ or is responsible for a child or young person in the same household, the maximum

¹² See paragraphs 67-69 (page 93 onwards) of the Haringey scheme and paragraphs 34 and 35 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

¹³ A disabled applicant is one who receives any of the following disability-related benefits: (i) Attendance Allowance including Constant Attendance Allowance; (ii) Disability Living Allowance including Care and Mobility components; (iii) Severe Disablement Allowance including Exceptionally Severe Disablement Allowance; (iv) Mobility Allowance and Supplement; (v) Long-Term Rate Incapacity Benefit; (vi) Working Tax Credit – Disability element; (vii) Personal Independence Payment; (viii) Armed Forces Independence Payment; (ix) Support component of Employment and Support Allowance. See paragraph 29 (page 44) of the Haringey scheme.

amount of council tax reduction is also 100% less any appropriate discount; for other working-age applicants it is 80.2% less any appropriate discount. These maximum amounts may be subject to deductions if there are adult non-dependant members of the household – see paragraph 47.

Where income is more than the amount for living expenses

37. Where an applicant's income is greater than the amount allowed for living expenses in their case, council tax reduction is withdrawn gradually (sometimes known as the taper) as income increases, until entitlement is extinguished altogether.¹⁴ This avoids a cliff-edge effect of suddenly ending all support as soon as income becomes greater than the amount for living expenses.
38. For example, if an applicant's weekly maximum council tax reduction is £15, and the amount for living expenses in their case is £100 a week, they are entitled to maximum support of £15 providing their income is not greater than £100. If their income increases to £120, a sum equal to 20% of the difference between their income (£120) and the amount for living expenses (£100) is deducted (20% of £20 = £4) from their maximum council tax reduction, so they receive £15 less £4 = £11 a week. If their income increases further to £180, the amount deducted from their maximum council tax reduction is £16 (20% of £80 is £16) and there is, therefore, no entitlement to council tax reduction because £16 is greater than the maximum of £15.

Other aspects of the calculation

39. In calculating the amount of council tax reduction, fractions of less than half a penny are rounded down and fractions of half a penny or more are rounded up.
40. For working-age applicants, there is a minimum weekly entitlement of £1.00 a week. This means that if the calculation results in an amount less than £1.00 a week, no reduction is awarded.
41. Where an applicant is jointly liable for council tax with other residents at the same dwelling, the council tax set by the authority (less any discount) is divided by the number of people jointly liable and the applicant's council tax reduction is based on their share. This does not apply in the case of a student where they are excluded from entitlement to council tax reduction, or a partner of the applicant.

¹⁴ See paragraphs 5 and 8 above. Council tax reduction is withdrawn at the rate of 20% of the difference between an applicant's income and the amount allowed for living expenses.

Universal Credit

42. The calculation of council tax reduction for those households receiving Universal Credit is slightly different.¹⁵ Income is compared to an amount for living expenses in broadly the same way as for other applicants, but the definitions are different.
43. For the amount for living expenses, the scheme uses the Universal Credit maximum award, including all elements such as housing. This ensures consistency of treatment between Universal Credit and the Council Tax Reduction Scheme in deciding what a person needs to live on.
44. For income, the scheme uses the assessment of income in Universal Credit which is provided by the Department for Work and Pensions, to which is added the actual award of Universal Credit. The way that Universal Credit works means that housing and childcare costs are taken into account under both 'income' and 'living expenses', in effect cancelling each other out. The Universal Credit award taken into account is normally the gross amount before any deductions are made from it. Any deductions for items such as budgeting advances and recovery of overpayments (but not deductions for sanctions) are treated as available to the applicant. The figure for capital used in the assessment of Universal Credit is used for the calculation of council tax reduction.
45. It is also possible to treat the income as belonging to a non-dependant (and the non-dependant's income as the applicant's) if the Council decides that an arrangement has been made to take advantage of the scheme.
46. Monthly figures are converted to weekly figures by multiplying by 12 and dividing by 52.

Non-dependant deductions

47. A non-dependant is a person living as a member of the applicant's household who is not their partner or a child/young person for whom they are responsible. There are certain exceptions such as joint-occupiers, boarders and paid carers, who are not treated as non-dependants. Non-dependants aged 18 or over are usually expected to contribute to household expenses such as council tax.
48. The weekly deduction for a non-dependant aged 18 or over in work is normally £15.35 and for a non-dependant aged 18 or over not in work, £5.00. However, where the applicant can demonstrate that a non-dependant in work has relatively low gross weekly earnings, the deduction is as follows:

¹⁵ See paragraph 28 (page 43) and 37 (page 55) of the Haringey scheme and Schedule to the Council Tax Reduction Schemes (Default Scheme) (England) Regulations 2012, paragraphs 28 and 37.

- less than £266.00, the deduction is £5.00.
- not less than £266.00, but less than £463.00, the deduction is £10.20.
- not less than £463.00, but less than £577.00, the deduction is £12.80.

These amounts apply to both pensioner and working-age applicants and are amended annually using the figures in the annual amendments to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

49. In the case of non-dependant couples only one deduction is made, but all their gross income is taken into account.
50. Where there is joint liability for council tax in a household, other than joint liability between an applicant and their spouse or civil partner, any non-dependant deduction is divided equally between the liable persons.
51. No non-dependant deductions are applied if the applicant or their partner:
 - Is severely sight-impaired or blind;
 - is receiving Attendance Allowance, the care component of Disability Living Allowance, Child Disability Payment (pensioners only), the daily living component of Personal Independence Payment, the daily living component of Adult Disability Payment (pensioners only), or an Armed Forces Independence Payment, or a Pension Age Disability Payment, including where these benefits and payments are temporarily suspended, for example through hospitalisation.
52. No non-dependant deductions are applied where the non-dependant:
 - normally lives elsewhere;
 - is receiving a training allowance paid as part of a youth training scheme;
 - is a full-time student;
 - has been a hospital in-patient for more than 52 weeks;¹⁶
 - is not living with the applicant because they are a member of the armed forces away on operations;
 - is receiving a payment for a disability caused by the Thalidomide drug;
 - is receiving Income Support, State Pension Credit, income-based Jobseeker's Allowance or income-related Employment and Support Allowance;
 - is entitled to an award of Universal Credit where the award is calculated on the basis that the non-dependant does not have any earned income (pensioner applicants only);
 - is a person disregarded for the purposes of council tax discount.
53. In calculating a non-dependant's income, the following are ignored:
 - Attendance Allowance, Disability Living Allowance, Child Disability Payment (pensioner applicants only), Personal Independence Payment, Adult Disability

¹⁶ Gaps in the 52-week period of up to 28 days are ignored if there are substantial periods of hospitalisation on either side.

Payment (pensioners only), Pension-Age Disability Payment or Armed Forces Independence Payment;

- payments made under certain specified trust funds¹⁷ and compensation schemes, including analogous payments.

Temporary Absences

54. An applicant can be regarded as living in their home and therefore eligible for council tax reduction even if they are temporarily absent for certain periods. Council tax reduction is payable during periods of temporary absence if the applicant:
- is liable for council tax and the address they are temporarily absent from is their sole or main residence;
 - intends to return to live in their home;¹⁸
 - is not letting or sub-letting that part of the home that they normally occupy;
 - is unlikely to be away for more than the time allowed (see below).
55. In calculating the period of absence, the first day of absence is included and the day of return is excluded.
56. With one exception (see paragraph 57), a period of absence from home must not be (or must not be expected to be) more than 13 weeks. However, this is extended to 52 weeks where the applicant is:
- a remand prisoner awaiting trial or sentence;
 - living in a bail or probation hostel, or bailed to live away from home;
 - a hospital patient (or similar medical institution);
 - receiving (or whose partner or child is receiving) medically approved treatment or care, in accommodation other than residential accommodation;
 - providing medically approved care to someone else, or caring for a child under 16 whose parent or guardian is away from home because they are receiving medically approved care;
 - absent because of fear of violence in the home or domestic abuse;
 - on an approved training course;
 - a student who is eligible for council tax reduction (for example, if they have to study abroad as part of their course);
 - in a residential care home, other than on a trial basis.

¹⁷ See paragraph 8 (9) and (10) of schedule 1 to Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a full list of trust funds and compensation scheme. In the Haringey scheme, there are variations in the treatment of trust funds between pensioner and working-age applicants. See paragraphs 30(9) (page 47) and 30A (9) (page 51) of the Haringey scheme.

¹⁸ This includes a situation where an applicant moves into residential care on a trial basis and intends to return to their home only if the care home doesn't suit their needs.

57. For pensioners, a period of absence from home outside Great Britain must not be (or must not be expected to be) more than 4 weeks.¹⁹ However, if the applicant is absent from Great Britain because of the death of a close relative (or a close relative of their partner, or a child and young person for whom either of them are responsible) and it is unreasonable for them to return within the first 4 weeks, the Council may decide that council tax reduction can be paid for up to 8 weeks.
58. The 4-week period can also be extended to 26 weeks where the applicant is:
- a member of the armed forces on operations overseas;
 - receiving medical treatment in hospital or similar institution;
 - absent because of fear of violence in the home or domestic abuse;
 - undergoing (or their partner or dependent child is undergoing) medical treatment or medically approved convalescent care in accommodation other than residential accommodation;
 - a mariner or continental-shelf worker.

Extended support: the run-on

59. Extended council tax reduction (sometimes known as the run-on) can be awarded to working-age people who have been (or their partners have been) receiving Income Support, income-based Jobseeker's Allowance or income-related Employment Support Allowance for at least 26 weeks, and who come off that benefit because they or their partners start employment as an employed or self-employed earner, or increase their hours or earnings, where that employment is expected to last 5 weeks or more. This also applies to those, including pensioners, who were receiving certain contributory benefits which end for the same reason. The qualifying contributory benefits are Incapacity Benefit, contributory or new-style Employment and Support Allowance, and Severe Disability Allowance. The qualifying rules are broadly the same as for those coming off income-related benefits.
60. Extended support can be made for up to 4 weeks starting from the beginning of the week after entitlement to a qualifying benefit ends. Support lasts for 4 weeks unless the applicant's liability for council tax ends first.
61. The amount of the extended payment is usually the amount that the applicant was entitled to during the last week that they were receiving a qualifying benefit. However, if for any reason entitlement to council tax reduction after the change of circumstances is higher, the higher amount is paid.

¹⁹ In the case of absences outside Great Britain, the period of temporary absence for pensioners was reduced from 13 weeks to 4 weeks by the Council Tax Reduction Schemes (Prescribed Requirements) England (Amendment) Regulations 2016. The Council decided not to apply this policy change to working-age applicants. See paragraphs 19 (page 29) and 19A (page 34) of the Haringey scheme.

62. Where an applicant who is entitled to extended support moves from one local authority to another, extended support may take the form of a payment from one local authority to the other, or directly to the applicant. The amount of extended payment remains the same, that is, the amount payable in respect of the last week before entitlement to a qualifying benefit ceased. Where an applicant continues to be liable for council tax, the second authority must reduce the new amount of council tax reduction by the amount of the extended support already awarded.
63. Entitlement to council tax reduction does not end until the end of the extended support period, even if entitlement would otherwise have ended based on the applicant's new circumstances. The general rules for calculating changes of circumstances do not apply.
64. In order to ease the transition to retirement, an applicant will continue to receive a council tax reduction for a period of 4 weeks from the day after a claim for a working-age income-related benefit has ceased because they have reached the qualifying age for State Pension Credit, or for four weeks after their partner has claimed State Pension Credit.

People treated as not in Great Britain

65. Council tax reduction is payable only to those applicants who live in in Great Britain and, in some circumstances, people are treated as if they are not in Great Britain and are therefore excluded from the scheme. This applies where they do not satisfy the habitual residence test and where they are subject to immigration control.
66. The habitual residence test is in two parts: first, an applicant must show that they are habitually resident (intend to settle and make their home in the UK, Channel Islands, Isle of Man, or the Republic of Ireland). Secondly, EEA nationals (people from EU countries together with Norway, Iceland, Switzerland and Liechtenstein) must have a legal right to live in the UK and claim benefits, i.e. a 'right to reside' in the UK (known as the residence rules). These rules are satisfied if the applicant is, for example:
- a worker or is self-employed in accordance with the EEA regulations;²⁰
 - a family member of such a worker or self-employed person;
 - a worker who has ceased activity, for example because of retirement or incapacity, or a family member of such a worker;
 - a family member of a deceased worker;
 - a refugee;
 - is receiving Income Support, income-based Jobseeker's Allowance, income-related Employment and Support Allowance or Universal Credit (but this does

²⁰ The Immigration (European Economic Area) Regulations 2016. These regulations were repealed in 2020 but some provisions, including definitions, were retained under the Citizens' Rights (Application Deadline and Temporary Protection) (EU Exit) Regulations 2020.

not apply if a new applicant is receiving income-based Jobseeker's Allowance and their right to reside was decided only on the basis that they were a jobseeker or the family member of a jobseeker).

67. However, there are some circumstances in which EEA nationals have been granted leave to enter or remain in the United Kingdom but who do not satisfy the habitual residence test for the purposes of applying for council tax reduction. An EEA national who is a jobseeker is not treated as having the right to reside for the purposes of applying for council tax reduction simply by being a jobseeker. With some exceptions in respect of Northern Ireland, EEA nationals who are granted leave to enter, or remain in, the United Kingdom solely as a result of satisfying the special immigration rules that allowed EEA citizens to remain in the UK after the withdrawal from the EU (the settlement scheme), do not satisfy the habitual residence test simply because of these provisions.²¹
68. British citizens returning to the UK after a period of living or working abroad have an automatic right to reside in the UK, but they do need to show that they are habitually resident in the UK.
69. An applicant who has entered the UK from Afghanistan is treated as habitually resident in the UK if they:
- have been granted leave to remain in accordance with the Afghan Relocations and Assistance Policy, the Afghan Citizens Resettlement Scheme or the previous scheme for locally employed staff in Afghanistan; or
 - left Afghanistan in connection with the collapse of the Afghan government that took place on 15 August 2021.²²
70. An applicant who has entered the UK from Ukraine is treated as habitually resident in the UK if they:
- were living in Ukraine immediately before the 1st January 2022 and left Ukraine in connection with the Russian invasion which took place on 24th February 2022; and
 - have been granted leave to enter or remain in accordance with the immigration rules; or
 - have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens.²³

²¹ See paragraphs 21 (page 37) and 22 (page 40) of the Haringey scheme and regulation 12 of the Council Tax Reduction) Prescribed Requirements (England) Regulations 2012, paragraphs 4, 4A and 4B, for a full list of circumstances where an applicant has been given leave to enter or remain in the UK but who does not satisfy the habitual residence test.

²² See paragraph 21 (5) (za) and (zb) (page 37) of the Haringey scheme.

²³ As defined in sections 2 and 3ZA of the Immigration Act 1971.

71. An applicant who has entered the UK from Israel, the West Bank, the Gaza Strip, East Jerusalem, the Golan Heights or Lebanon is treated as habitually resident if they:
- were living in any of the above areas immediately before 7th October 2023 and left those areas in connection with the Hamas terrorist attack in Israel on 7th October 2023 or the escalating violence in the region following the attack;
 - have been granted leave to enter or remain in accordance with the immigration rules; or
 - have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens.
72. An applicant who has entered the UK from Sudan is treated as habitually resident if they:
- were living in Sudan before 15th April 2023 and left in connection with the violence on 15th April 2023 in Khartoum, and across Sudan;
 - have been granted leave to enter or remain in accordance with the immigration rules; or
 - have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens.
73. An applicant is also treated as habitually resident if they have been granted, or are deemed to have been granted, leave outside the rules made under section 3(2) of the Immigration Act 1971.
74. Non-EEA and non-UK nationals may be subject to immigration control and an applicant who is subject to immigration control is excluded from applying for council tax reduction. For example, this applies where an applicant:
- needs permission to enter or remain in the UK but does not yet have permission;
 - has permission to enter or remain in the UK, but only if they do not claim benefits or use other public services;
 - has been given permission to enter or remain in the UK because someone formally agreed to support them.

Students

75. A property that is wholly occupied by full-time students, for example a hall of residence, is exempt from council tax. Most students are not eligible for council tax reduction but some students who are liable for council tax can get support in specified circumstances. (See Annex 8 for a full account, including the treatment of student income.)

Effective dates

Date entitlement begins

76. An applicant's entitlement to council tax reduction normally begins from the start of the reduction week (Monday to Sunday) which follows the date of application. However, if an applicant becomes liable for council tax for the first time in Haringey and they are entitled to council tax reduction, their entitlement begins from the first day that they are legally liable to pay council tax, providing they apply in that reduction week.

Date from which changes in circumstances take effect

77. Changes in circumstances also take effect from the Monday following the date of change, apart from these exceptions:
- changes in an applicant's income arising from legislative changes affecting rates of income tax, personal tax reliefs, National Insurance contributions, and tax credit rates are ignored for a period of up to 30 weeks;
 - where entitlement to a benefit ceases, including a Universal Credit award, the change takes effect from the first day of the reduction week following the day immediately after the benefit ceases;
 - where entitlement to a benefit begins or increases, and the result is either the same amount or an increase in the award of reduction under this scheme, the change takes effect from the date on which it occurs; otherwise, it takes effect from the first day of the following reduction week;
 - a change in the amount of council tax payable takes effect from the date of change;
 - a change in the amount a person is liable to pay by way of council tax (for example changes to a discount) also takes effect from the date of change;
 - if the change applies to an applicant who now has a partner, or a partner has died, or they have separated, it takes effect from the date of the change;
 - backdated payments of income are generally taken into account over an appropriate period as if they had been paid on time.
78. For working-age applicants, where a change in circumstances is reported more than one month following the change but within three months and results in an increase in council tax reduction, the date of the notification of the change is treated as if it was the date the change occurred, but only if the Council is satisfied that the applicant has shown good cause for delaying the report of the change. The longer the delay in notifying the change, the more compelling the reason for delay should be.
79. For working-age applicants, a change of circumstances resulting in an increase or decrease in entitlement to council tax reduction of less than £3.25 a week is not implemented. However, where further changes in circumstances occur, and together

they result in a cumulative increase or decrease in the award of £3.25 a week or more, the changes of circumstances are implemented at that stage.²⁴

80. Where a non-dependant joins a pensioner household, or where the non-dependant's earnings increase, the change to that pensioner's council tax reduction takes effect 26 weeks after the date on which the change took place.
81. Where an applicant receives an increase in State Pension Credit and, as a result, their award of council tax reduction increases, the change usually takes effect from the week the amount of State Pension Credit alters. However, where an award of council tax reduction decreases, the change either takes effect from the week the authority is notified of the change in State Pension Credit or the date on which State Pension Credit changes if this later.

Application procedure /online applications

82. Only one partner in a couple (or a polygamous marriage) can apply for council tax reduction in respect of the same dwelling. If the partners cannot agree who should apply, the Council will decide for them.
83. Where a person who is liable to pay council tax is unable to act for themselves, and someone has been appointed to act on their behalf (for example an attorney), the person appointed can make an application on behalf of that person. Where there is no-one to act on the person's behalf, the Council may appoint someone to act. An appointee must be aged over 18 and must apply for the appointment in writing or online. The Council may accept as an appointee someone who has already been appointed by the Department for Work and Pensions to act in respect of a social security benefit. The Council has the power to revoke the appointment at any time and the appointee may resign on giving 4 weeks' notice. If, subsequently, another person is authorised to act on the applicant's behalf (for example, an attorney) the former appointeeship ceases. The appointee must take full responsibility for all aspects of the application and is made fully aware by the Council of the duties involved, including the consequences of failing to comply with those duties.
84. An application may be made:
 - in writing; or
 - online.

If an applicant makes contact by telephone to make an application, they are advised to make an application online or in writing and, as long as the form is completed and returned within one month, the date of the telephone call is treated as the date of application.

²⁴ See paragraph 106A (page 120) of the Haringey scheme.

85. An application made in writing must be made to the Council office on a form provided by the Council free of charge. Where an application is made on the correct form but is not properly completed, the Council may ask the applicant to complete the form correctly. Where an application is made in writing but not on the correct form, the Council may either ask the applicant to complete another form or ask for further information and evidence. An applicant may amend or withdraw an application, in writing, at any time before a decision has been made.
86. Notwithstanding paragraph 84 above, Universal Credit new claim award notifications received from the Department for Work and Pensions are automatically treated as an application for council tax reduction. In certain circumstances, for example where a Universal Credit notification does not include details of housing costs or details of other adults in the property are not included, it may be necessary for the applicant to provide further evidence to the Council.
87. If an application is made online and the Council considers that all the required information has not been provided, the Council will give the applicant the opportunity to provide the required information.

Date on which an application is made

88. The date to be taken as the date on which the application is made is normally the date the application is received by the Council, or the date the applicant first notified the Council of their intention to apply, if this is followed up within one month by a properly completed application. There are some exceptions to this general rule:
- if an applicant has been awarded State Pension Credit which includes a guarantee credit, Income Support, income-based Jobseeker's Allowance, income-related Employment and Support Allowance, or Universal Credit and the Council tax reduction application is received within one month of the claim for any of the above-listed benefits, the date of application for council tax reduction is the first day of entitlement to one of those benefits;
 - if an applicant or their partner is in receipt of one of the above-listed benefits when they become liable for council tax for the first time, and the council tax reduction application is received within one month of becoming liable, the date of application for council tax reduction is the date they became liable;
 - where a couple's relationship comes to an end either due to separation or the death of one of them and the former partner was entitled to council tax reduction and the application is made within one month of the death or separation, the date of application for council tax reduction is the date of death or separation;
 - where an application is not properly completed and is corrected within one month (or longer if the Council considers reasonable) the date of application is the date on which the first contact is made. If the incomplete application is not

corrected within one month or other reasonable period, the date of application for council tax reduction is the date when sufficient information becomes available to decide the application.

Advance applications

89. An applicant may apply up to 8 weeks in advance if they anticipate that they will become liable to pay council tax during that period. The application is treated as made on the day on which liability for council tax begins.
90. Other than where an applicant is a person treated as not being in Great Britain, the Council may treat an advance application as made in the reduction week before the first week of entitlement to council tax reduction. This applies where an applicant is not entitled to council tax reduction in the week after the actual date of application, but the Council considers that they will become entitled within the next 13 weeks (17 weeks for a pensioner) unless there is a change in circumstances.

Date applications are treated as made and backdating

91. Where a pensioner applies and qualifies for council tax reduction, their application is treated as made 3 months before it was actually made (effectively all applications from pensioners are automatically backdated for a period of 3 months). Where an applicant applies for council tax reduction within one month of being awarded State Pension Credit including the guarantee credit, the three-month period cannot go back any earlier than the date of their State Pension Credit claim.
92. Where a working-age applicant shows a good reason for not making an application earlier, the application can be backdated to the first date that continuous good cause for not making an application earlier has been established, up to a maximum of 12 months. This means that the application is backdated to the latest of: a) the first day good cause is established, b) the day 12 months before the date of application or c) the day 12 months before the date the request for backdating was made.

Evidence and information

93. Where appropriate, the Council can accept evidence or information submitted online to support an application.
94. An applicant to council tax reduction must provide a National Insurance number for themselves and if appropriate, others for whom they are applying, or evidence that they have applied for a National Insurance number. This requirement does not apply to:
 - a child or young person in respect of whom an application for a reduction is made;

- an applicant treated as a person not being in Great Britain and therefore excluded from this scheme;
 - a person subject to immigration control ²⁵ and therefore excluded from this scheme (see paragraph 74).
 - a person who has not previously been allocated a National Insurance number.
95. An applicant to council tax reduction must provide such evidence in support of their application as the Council considers reasonable, within one month of being notified of their duty to do so. This does not apply to an applicant who is a pensioner in respect of specified income which is ignored in the calculation of council tax reduction or whose income has been verified by The Pensions Service, where the Council has been notified of that income. The Council informs the applicant of their duty to notify any change of circumstances, and if asked by the applicant, which change of circumstances must be notified.
96. The Council can require an applicant to whom council tax reduction has been awarded (or any partner) who is at least the qualifying age for State Pension Credit, to supply information about pension fund holders and suppliers of pension fund schemes.
97. Before a decision has been made on an application, an applicant may amend or withdraw the application by notifying the Council either in writing, by electronic communication or by telephone.

Duty to notify changes in circumstances

98. An applicant, or a person acting on behalf of the applicant, has a duty to report changes in circumstances either before an application has been decided by the Council or after council tax reduction has been awarded. The changes to be reported are those which the applicant might reasonably be expected to know would affect entitlement, and the changes must be notified in writing, by telephone or online within a period of 21 calendar days from the day when the change occurs, or as soon as reasonably practicable afterwards. Some types of change of circumstance do not need to be reported:
- changes in the amount of council tax payable to the Council;
 - changes in the ages of the applicant and their family or any non-dependants except where someone ceases to be a child or young person;
 - changes which affect the amount of Income Support, income-based Jobseeker's Allowance, income-related Employment Support Allowance or Universal Credit but not the amount of council tax reduction, except where one of the benefits listed above ceases.

²⁵ As defined in Section 115(9) of the Immigration and Asylum Act 1999. See paragraph 22 (page 40) of the Haringey scheme.

99. An applicant who receives State Pension Credit and who has been awarded council tax reduction does not need to report changes in circumstances except:
- any changes relating to a non-dependant's income or residency;
 - any absence from the home exceeding or likely to exceed 13 weeks.
100. Where State Pension Credit comprises only of Savings Credit, the applicant does not need to report changes in circumstances except the changes listed in paragraph 99 above and in addition:
- changes affecting a child living with them which may result in the amount of council tax reduction (but they do not need to report changes in the age of the child);
 - a change in an applicant's capital which takes, or may take, the total to more than £16,000;
 - certain changes in the income or capital of a non-dependant or partner.²⁶

Decisions and awards

101. Once the Council is satisfied that an application for council tax reduction has been completed in the proper manner together with all the required evidence and information, it will make the decision within 14 days or as soon as practicable thereafter.
- Having made the decision on an application, the Council will notify the applicant, or a person appointed to act on behalf of the applicant, immediately, and within 14 days in the case of any other decision. The notification of a decision on an application is normally in the form of a notification letter together with a revised council tax bill which includes: a reminder about the duty to report changes in circumstances and an explanation of the consequences of failing to do so;
 - examples of changes that might affect entitlement to council tax reduction or its amount;
 - information about the effect of the decision on the applicant's council tax liability;
 - information about appeal procedures.

The Council may issue notification letters online via a portal with appropriate links to the Council's website about information such as appeal procedures.

102. A new council tax bill will be issued by the Council. This will include the discount awarded as a council tax reduction and information about the appeals process.

²⁶ See paragraph 115 (8)(c) (page 132) of the Haringey scheme and paragraph 9 (8)(c) of Schedule 8 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

103. An applicant who receives the Council's notification of a decision may, within one month of the date of the notification of that decision, request in writing that the Council provides a written statement setting out the reasons for its decision. The Council will send this explanation to the applicant within 14 days or soon as reasonably practicable afterwards.

Use of information

104. Where it is lawful to do so, the Council uses information provided by the Department for Work and Pensions and Her Majesty's Revenues and Customs in order to calculate entitlement to council tax reduction. Similarly, the Council shares information with those departments when it is required to do so.
105. The Council may receive, obtain, verify, record and store information relating to applications for council tax reduction, from:
- the applicant;
 - other persons in connection with applications;
 - other local authorities;
 - central government departments.
106. The Council may forward information to anyone in the Council or others authorised to act on behalf of the Council, in processing applications for council tax reduction. This is in accordance with the Council's privacy notice and the General Data Protection Regulation (GDPR).

Revisions and written statements

107. The Council may change or further change a decision at any time.
108. The Council may terminate an award of council tax reduction, in whole or in part, if the Council considers that:
- the conditions of entitlement have not been met;
 - the applicant has failed to provide information requested;
 - the application is fraudulent and/or there is deliberate misrepresentation of the facts in order to take advantage of the scheme.

Appeals

109. If an applicant is dissatisfied with the Council's decision on entitlement to council tax reduction or the amount awarded, they may write (including by email) to the Council setting out why they are dissatisfied. The Council will then consider the matter and notify the applicant in writing (usually by email), either that they do not have a case stating the reasons why, or that action has been taken to address their concerns. If the applicant is still dissatisfied, or if the Council does not address their concerns within 2 months, they may appeal to the Valuation Tribunal.

Discretionary awards

110. The Council may use its discretion to reduce council tax liability because of exceptional hardship.²⁷ This is irrespective of whether an application has been made for council tax reduction under the main scheme, described in this document.
111. An application may be made in writing or online. If an applicant makes contact by telephone to make an application, they are sent an application form and, as long as the form is completed and returned within one month, the date of the telephone call is treated as the date of application.

Electronic communication

112. The Council may use electronic communication (for example via computer networks) in administering council tax reduction and may receive electronic communications including applications online, subject to the following conditions:
- there is an explicit authorisation given by the Council's chief executive;
 - there is an approved method of authentication;
 - approved forms are used;
 - records are maintained in a way specified by the chief executive.
113. Any applications which are not submitted in the approved manner are treated as invalid. The Council may authorise another person or persons to act as intermediaries in connection with the delivery of information electronically and its authentication.
114. Any information delivered electronically is treated as if it were delivered in any other way required by the Council's scheme if the above conditions are met. Information is treated as not delivered until it is accepted by the Council's official computer system. If, for legal reasons, it becomes necessary to prove the identity of the sender or recipient of information sent or received electronically, it is presumed to be the person named on the official computer system. Similarly, if it is necessary to prove that information sent electronically has actually been delivered to the Council, it is treated as received if it is recorded on the official computer system. Similarly, if it is not recorded as received on the official computer system it is treated as not received. And the time, date and content of any electronic communication is presumed to be that recorded on the computer system.

²⁷ Under section 13A(1)(c) of the Local Government Finance Act 1992, as amended. See paragraph 11 (page 26) and Schedule 1 Part 3 (page 136) of the Haringey scheme.

Annex 1 – Glossary of terms

Adult Disability Payment	A non-means-tested, non-taxable benefit paid in Scotland to people who need supervision or help with their daily or nightly care, or who have mobility problems. It replaces Disability Living Allowance for adults living in Scotland.
Alternative maximum council tax reduction	A way of calculating council tax reduction where there is a second adult sharing the household who would normally be expected to contribute towards the council tax bill, but who cannot afford to do so.
Amount for living expenses	An amount of money assumed to be sufficient to cover day-to-day living expenses. ²⁸
Applicant	A person who has made an application to the Council for council tax reduction.
Application	An application for council tax reduction.
Armed Forces Independence Payment	A payment made in accordance with an armed and reserve forces compensation scheme.
Attendance Allowance	A benefit for people aged 65 and over that helps with the extra costs of long-term illness or disability, which can be either physical and/or mental. It is paid regardless of income and savings and is tax-free.
Boarder	A person who resides with the applicant and who makes payments to the applicant or their partner, on a commercial basis, in return for accommodation and some meals. A boarder is not a non-dependant.
Carer's Allowance	A benefit for someone caring for another person for at least 35 hours a week. It is paid regardless of income and savings but can be taxable.
Child	A person under the age of 16.
Child Benefit	A non means-tested benefit (below income of £60k) to help with the cost of children. It is usually paid monthly to a person who is responsible for a child either aged under 16 or aged 16 to 20 in full-time education or training.
Child Disability Payment	A non-means-tested, non-taxable benefit paid in Scotland in respect of children or young people who need supervision or help with their daily or nightly care, or who

²⁸ The amounts for pensioners are set out in Schedule 2 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012, and subsequent amendments. See Schedule 2 (page 139) of the Haringey scheme. The amounts for working-age applications are decided by Haringey Council and follow amendments to the Housing Benefit (General) Regulations 2006. See Schedule 3 (page 148) of the Haringey scheme. The amounts for applicants receiving Universal Credit are based on the maximum Universal Credit award (see paragraphs 42-46 above).

	have mobility problems. It replaces Disability Living Allowance for children and young people living in Scotland.
Child Tax Credit	A payment to help with the cost of children aged under 16, or 16 to 20 in full-time education or training, for whom a person is responsible. It is income-related and paid in addition to Child Benefit to people in work and out of work.
Close relative	A parent, parent-in-law, son, son-in-law, daughter, daughter-in-law, step-parent, step-son, step-daughter, brother, sister. Where any of these close relatives is one member of a couple, the definition includes the other member of that couple.
Concessionary payment	A payment made in certain circumstances to compensate a person for the non-payment of a benefit or a tax credit.
Council	Haringey Council, as the billing authority.
Council Tax Reduction Scheme	A scheme designed to help people in financial need pay their council tax.
Couple	Two people living in the same household who are married to, or civil partners of, each other, or are living together as though they were married or civil partners.
Disability Living Allowance	A non means-tested, non-taxable benefit paid to people who need supervision or help with their daily or nightly care, or who have mobility problems. It has now been replaced for most people by Personal Independence Payment but is still paid for children.
Earnings	Any remuneration or profit derived from employment.
Employed earner	A person who is gainfully employed under a contract of service.
Employment and Support Allowance	A benefit paid to working-age people who have an illness, health condition or a disability which makes it difficult or impossible to work. Contribution-based Employment and Support Allowance is not means-tested but based on National Insurance contributions. Income-related Employment and Support Allowance is means-tested.
Estrangement	A breakdown of a relationship between 2 persons.
Extended reduction	A set amount of council tax reduction awarded for a specified period, usually 4 weeks.
Family	A couple, or a couple where one or both have responsibility for a child or young person living in the

	same household, or a lone parent who has responsibility for a child or young person living in the same household.
Financial or tax year	The period beginning 6 th April in one year to 5 th April in the following year.
Grenfell Tower support payment	A compensation payment made in respect of the fire on the 14 th June 2017 at Grenfell Tower.
Household	Not defined as such but is given its every-day meaning, taking account of factors such as the overall relationship between the parties, living arrangements and the degree to which facilities are shared. Children and young people are treated as part of the household even when temporarily absent but are not part of the household in certain specific circumstances, such as when they are living in care or formally placed with the applicant.
Housing Benefit	An income-related (means-tested) benefit paid to tenants on low incomes (either in or out of work) to help pay their rent. The scheme is administered by local authorities in accordance with national legislation.
Income Support	An income-related (means-tested) benefit paid to working-age people on low income such as carers and lone parents. It is not usually paid to someone receiving Jobseeker's Allowance or Employment and Support Allowance.
Jobseeker's Allowance	A benefit paid to working-age people who are not working (or working less than 16 hours a week) and who are available for, and actively seeking full-time work. Contribution-based Jobseeker's Allowance is not means-tested but depends on National Insurance contributions. Income-based Jobseeker's Allowance is means-tested.
Joint occupier	A person who is either the co-owner (with the applicant or their partner) of the residence or liable (with the applicant or their partner) to pay council tax. A joint occupier has a legal right to occupy the property. A joint occupier is not a non-dependant.
Local authority	An authority responsible for issuing council tax bills and providing a scheme for council tax reduction.
Lone parent	A person who has no partner and who is responsible for a child or young person living in the same household.
Macfarlane Trust	A charitable trust established to help relieve poverty or distress among those suffering from haemophilia.

Maternity leave	A period during which a woman is absent from work because she is pregnant or has given birth to a child, and after which she has the right to return to work.
Medically approved	Certified by a medical practitioner.
National Minimum Wage	The minimum amount that legally must be paid to an employed earner.
National Insurance	A form of taxation on earnings and self-employed profits paid into a fund from which some social security benefits are paid. The Department for Work and Pensions issues National Insurance numbers which are unique to each person and are required when applying for council tax reduction.
Net earnings	The amount of earnings after specified deductions such as income tax and National Insurance contributions.
Net profit	The amount treated as self-employed earnings which is the applicant's total profit less specified deductions such as allowable expenses.
Non-dependant	A person living as a member of the applicant's household who is not their partner, or a child or young person for whom they are responsible, with certain exceptions such as joint-occupiers, boarders and paid carers.
Non-dependant deduction	A set amount deducted from an applicant's council tax reduction as a contribution made by a non-dependant towards household expenditure.
Occupational pension	Any pension or other periodical payment made under an occupational pension scheme.
Official computer system	A computer system maintained by or on behalf of a local authority for sending, receiving, processing or storing of any information.
Paid carer	A person who lives with the applicant in order to care for them or their partner, who is employed by a charity or voluntary organisation, and where a charge is made for their services. A paid carer is not a non-dependant.
Partner	The person who is the other member of a couple.
Paternity leave	A period of leave during which a father or partner is absent from work in order to care for their new-born or newly-adopted child, after which they have the right to return to work.
Pensioner	A person who has reached the qualifying age for State Pension Credit and is not (or where there is a partner the

	partner is not) receiving a working-age income-related benefit. The definition of a pensioner includes those who have reached pension age and are receiving Universal Credit as a result of the closure of Working Tax Credit.
Personal Independence Payment	A replacement benefit for Disability Living Allowance designed to provide help to people over 16 who need care or who have mobility needs. It is not means-tested or taxable.
Personal pension scheme	A pension that a person arranges individually which is based on how much is paid into the scheme and how successful the pension provider's investments are.
Post Office compensation payment	A payment made by the Post Office in connection with the failings of the Horizon system or following the judgement in Bates and others v. Post Office.
Polygamous marriage	Any marriage where one party is married to more than one person, and the ceremony of marriage took place under the law of a country which permits polygamy.
Public authority	A body or organisation which has a public function, for example the NHS and local authorities.
Relative	A close relative (as defined above) as well as a grandparent, grandchild, uncle, aunt, nephew or niece.
Remunerative work	Where a person is working for at least 16 hours a week (which may be an average) for which payment is made or which is done in expectation of payment.
Resident	An applicant is resident in a dwelling if they occupy it as their sole or main home.
Residence rules	Qualifying conditions whereby an applicant must establish that they have the right to live in the UK and intend to settle in the UK, Isle of Man, Channel Islands or Ireland and make it their home.
Second adult reduction (or second adult rebate)	Another term for alternative maximum council tax reduction (see above).
Self-employed earner	A person who is gainfully employed in Great Britain otherwise than in employed-earners employment.
Service user	A person who is consulted by, or on behalf of, certain public bodies.
State Pension Credit	An income-related (means-tested) benefit paid to pensioners on a low income. It has two components: the minimum guarantee and an additional 'savings credit'

	designed to reward those who have put by savings and income for retirement.
Sports award	An award made by certain specific sports councils from funds derived from the National Lottery.
Student	A person who is attending or undertaking a course of study at an educational establishment or on a qualifying course. ²⁹
Support or reduction week	A period of 7 days commencing on a Monday and ending on a Sunday.
Temporary absence	A period not exceeding a specified number of weeks where a person is temporarily absent from their home and intending to return to that home and has not sub-let that part of the home they normally occupy.
The Trusts	The Macfarlane Trust, the Macfarlane (Special Payments Trust) and the Macfarlane (Special Payments) (No.2) Trust.
Universal Credit	An income-related (means-tested) benefit for people of working-age who are on a low income. It replaces four existing means-tested benefits, including Housing Benefit, and two tax credits.
Vaccine damage payment	A payment made under the Vaccine Damage Payments Act 1979.
Victims of Overseas Terrorism Compensation Scheme	The scheme established by the Ministry of Justice in 2012, under section 47 of the Crime and Security Act 2010.
Voluntary organisation	A body other than a public or local authority whose activities are carried out on a not-for-profit basis.
War Disablement Pension	A payment paid to people who have been injured or disabled as a result of any service in Her Majesty's Armed Forces. The amount paid depends on the severity of the disablement.
War Widow's Pension	A pension payable to the widow, widower or in some circumstances the children of someone killed in the Armed Forces or who died later because of injury in the Armed Forces.

²⁹ A qualifying course as defined for the purposes of parts 2 and 4 of the Jobseeker's Allowance Regulations 1996. The course must be employment-related which helps a person to acquire or enhance skills for employment, for seeking employment, or for a particular occupation. It must last for no more than 12 consecutive months, and it must be a course at an appropriate level.

Working-age applicant	A person who has not reached the qualifying age for State Pension Credit or who has reached that age but is receiving (or where there is a partner the partner is receiving) a working-age income-related benefit (except receipt of Universal Credit because of the closure of Working Tax Credit).
Working Tax Credit	An income-related payment made to someone in paid work but on a low income. Different qualifying conditions apply depending on age and hours worked.
Young person	A person who is a qualifying young person for Child Benefit purposes. The young person must be over 16 and under 20 and on a course of full-time, non-advanced education or in approved training, or in appropriate full-time education.

Annex 2 - Polygamous marriages

A polygamous marriage means any marriage where one party is married to more than one person, and the ceremony of marriage took place under the law of a country which permits polygamy. The amount for living expenses for polygamously married couples is calculated by awarding the highest amount applicable to the applicant and one of their partners. An additional amount is awarded for each additional spouse living in the same household, as set out in the table below:

Category of applicant	Amount for each additional spouse
Working age (not receiving Universal Credit)	£52.60
Pensioner (one or more members of the marriage have attained pension age before 1 st April 2021)	£121.60
Pensioner (all members of the marriage have attained pension age on or after 1 st April 2021)	£119.50

The amounts awarded for children and other components are the same as for other applicants.

Where an applicant is polygamously married they are treated as possessing the income and capital of all partners to the marriage with whom they share the household.

Where a person who is polygamously married lives as a non-dependant member of an applicant's household, only one non-dependant deduction is made, but the amount deducted is the highest applicable after taking account of the circumstances and income of all partners in the marriage.

The above rules do not apply to an applicant who is polygamously married and is receiving Universal Credit.

Annex 3 - Childcare charges

(This annex does not apply to applicants receiving Universal Credit)

Where incurred, childcare charges can be deducted from income where the applicant is:

- A lone parent who is in remunerative work;³⁰
- A member of a couple both of whom are in remunerative work;
- A member of a couple one of whom is working and the other is incapacitated,³¹ in hospital or in prison.

For the purposes of childcare charges an applicant can be treated as working during the first 28 weeks of a period of sickness providing they were in work immediately before getting a specified sickness or disability benefit (or appropriate National Insurance credits). Also, an applicant can be treated as working if they are absent from work, on maternity, adoption, parental bereavement leave, shared parental or paternity leave, providing they were in work immediately before the leave began and is entitled to statutory, maternity, adoption, paternity, or shared parental pay; or maternity allowance.

To be eligible, the childcare charges must be:³²

- paid by the applicant or their partner;
- in respect of a child who is a member of the applicant's family;
- in respect of a period from the birth of a child until the day before the first Monday in September following the child's 15th birthday (16th birthday if the child is disabled);
- for care provided by specified care providers, for example registered child minders;
- for care provided out of school hours by a school, on school premises, or by a local authority. This applies to children aged from 8 years until the day before the first Monday in September following their 15th birthday (16th birthday if disabled).

³⁰ See Annex 1 (Glossary) page 31 for a definition of remunerative work.

³¹ For a definition of 'incapacitated', see regulation 25 (10-12) to schedule 1 of the Council Tax Reduction (Prescribed Requirements) (England) Regulations 2012. This definition applies to both pensioners and working-age applicants in the Haringey scheme. See paragraphs 58 (10-12) (page 79) (pensioners) and 58A (11-13) (page 84) (working-age) of the Haringey scheme.

³² See regulation 25 (5-8) to schedule 1 of Council Tax Reduction (Prescribed Requirements) (England) Regulations 2012 for a full list of eligible charges and care providers. See paragraphs 58 (5-8) (page 78) (pensioners) and paragraph 58A (5-8) (page 83) (working-age) of the Haringey scheme.

The following childcare charges are ineligible:

- payments in respect of the child's compulsory education;
- payments made by an applicant to their partner (or vice versa) in respect of any child for whom they are responsible;
- payment for care provided by a relative of the child which wholly or mainly takes place in the child's home.

Childcare charges are estimated over an appropriate period of no more than one year in order to arrive at an accurate average weekly charge.

Annex 4 - Definition of earnings as an employed earner

(This annex does not apply to applicants receiving Universal Credit³³)

The definition of earnings includes the following:

- any bonus or commission;
- payments to compensate for loss of earnings but not redundancy payments;
- payments in lieu of notice or payments intended as compensation for loss of employment;
- holiday pay but not if it is paid more than 4 weeks after employment ends;
- payments made for a period when no actual work has been carried out, for example a retainer;
- any expenses which are not 'wholly, exclusively and necessarily incurred' in connection with employment such as travelling expenses between home and work;
- compensation for unfair dismissal from work and any other payment made under employment rights legislation;
- any statutory sick pay, maternity pay, paternity pay, adoption pay, and statutory parental bereavement pay;
- payments made by or on behalf of an employer to an applicant who is on maternity or paternity leave, adoption leave or is absent from work because of illness;
- non-cash vouchers which have been counted when calculating liability to pay National Insurance contributions.

The definition of earnings does not include:

- payments in kind except for non-cash vouchers as above;
- expenses which are 'wholly, exclusively and necessarily incurred' in connection with employment;

³³ The scheme uses the Universal Credit earnings figure provided by DWP which is based on the definition of earnings as an employed earner given in paragraph 55 of the Universal Credit regulations 2013. This definition is similar but not exactly the same as the one in this Annex.

- any occupational pension;
- expenses arising from participation in consultation exercises on behalf of specified public authorities;
- In respect of pensioners, any payment of compensation from an employment tribunal in respect of unfair dismissal or unlawful discrimination.

Annex 5 - Calculation of self-employed earnings

(This annex does not apply to applicants receiving Universal Credit³⁴)

The earnings of a self-employed earner are the gross income from the employment. Local authority payments to foster parents, and certain kinship carers, are not treated as self-employed earnings but as income other than earnings.³⁵ The following are also not regarded as self-employed earnings: payments by a boarder living in the applicant's accommodation, and sports awards.

Royalties, copyright, design, patent, trademark and Public Lending Right Scheme payments are taken into account over a set period of weeks. The number of weeks is obtained by dividing the amount of the payments by the amount of council tax reduction which would be payable had the applicant not received the payments, plus the amount that would normally be ignored in their case.

The earnings to be taken into account are the net profit from the business less any amount which is ignored under Appendix 3. Where a self-employed applicant is a partner (or a share fisherman) the net profit is their share of the profit.

In order to arrive at a figure for net profit, the following expenses are deducted from gross earnings:

- any expenses 'wholly and exclusively' incurred including repayments of capital on business loans for the replacement of equipment or machinery, or the repair of existing business assets (after any insurance payments);
- appropriate income tax and National Insurance contributions;
- one half of any sum paid periodically in respect of a personal pension scheme;
- net payments of VAT and interest payments on loans taken out for the purposes of the applicant's business.

The following items are not considered to be expenses:

- capital expenditure;

³⁴ The scheme uses the Universal Credit earnings figure provided by DWP which is based on the definition of self-employed earnings given in [para 57 of the Universal Credit Regulations 2013](#). This definition is similar but not exactly the same as the one in this Annex.

³⁵ See paragraphs 44 (page 65) pensioners) and paragraph 53 (page 71) (working-age) of the Haringey scheme, and paragraph 21 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a full definition.

- depreciation of any capital asset;
- any sum earmarked for setting up or expanding the business;
- losses incurred before the period over which the earnings are calculated;
- repayment of capital on business loans;
- any debts owed to the business except certain irrecoverable debts;
- expenses that the Council consider have not been reasonably incurred.

Special arrangements apply in assessing the net profit of childminders. The net profit is one third of the earnings less income tax, National Insurance contributions and one half of the payments to a personal pension scheme.

Where an applicant has more than one employment as a self-employed earner, any losses incurred in any one of their employments cannot be offset against their earnings in any other of their employments.

Annex 6 - Calculation of income other than earnings

(This annex does not apply to applicants receiving Universal Credit)

The following are examples of how an applicant's income other than earnings is calculated:

- where a benefit payment, for example Income Support, includes a deduction to recover an overpayment, it is the gross amount of the benefit that is taken into account;
- where an applicant is receiving a reduced rate of contributory Employment and Support Allowance because of a sanction, it is the full amount that is taken into account;
- where tax credit for the current tax year includes a deduction to recover an overpayment of tax credits for the previous year, it is the tax credit less the deduction that is taken into account;
- where a student applicant in receipt of a student loan leaves their course prematurely, they are treated as having the same weekly income from the loan as if they had completed the course, but only for the period during which they attended the course.

Annex 7 - Income which is treated as capital and capital treated as income

The following income is treated as capital:

- occasional bonus payments to part-time coastguards, fire-fighters, and those manning lifeboats;
- refunds of income tax deducted from profits or emoluments chargeable to income tax under Schedule D or E;
- any holiday pay which is paid more than 4 weeks after the employment ends;

- with some exceptions (see Appendix 5) any income derived from capital but only from the date it is normally due to be credited to the applicant's account;
- any advance of employed earnings or any loan made by the applicant's employer;
- except for payments made by certain specified³⁶ trust funds, any charitable or voluntary payment which is not made, or due to be made, at regular intervals;
- the gross receipts of any commercial activity undertaken by a self-employed applicant receiving council tax reduction, but only if those receipts were payable into a special account;
- any arrears of subsistence allowance which are paid to an applicant as a lump sum;
- in the case of pensioners, any arrears of working tax credit, child tax credit or state pension credit paid after an award of council tax reduction has been made;
- in the case of working age applicants, any arrears of working tax credit and child tax credit;
- any payment made through an approved trust for providing assistance to a disabled person whose disabilities were caused by the Thalidomide drug.

The following capital is treated as income:

- capital paid by instalments outstanding at the date the application is made (or treated as made) which, together with other capital, would take the applicant over the capital limit;
- payments received under an annuity;
- a career development loan paid under section 2 of the Employment and Training Act 1973;
- periodic payments to the applicant as a consequence of personal injury.

Annex 8 - Students

Pensioner students are eligible for council tax reduction if they are liable for council tax and satisfy the other eligibility conditions. The student income of a pensioner is not taken into account in any award.

To be eligible for council tax reduction, a working-age student must be liable for council tax and be in one of the following categories:

- receiving Income Support, income-based Jobseeker's Allowance or income-related Employment and Support Allowance;
- a lone parent;
- a student who has a full-time student partner one of whom has responsibility for a child or young person;
- disabled and would be entitled to a disability premium or a severe disability premium;
- a single foster carer;

³⁶ For the full list of specified trusts, see Appendix 5 'Compensation' on page 55.

- treated by the Department for Work and Pensions as incapable of work (or having limited capability for work) for a continuous period of at least 196 days;
- under 21 and not in higher education;
- under 20 and someone receives Child Benefit for them;
- receiving a Disabled Student's Allowance for deafness;
- have interrupted their course due to illness or caring responsibilities (with the approval of their college or university) for the period between their illness or caring responsibilities ending when they return to University, but only if they do not receive student finance during that time;
- covered by medical evidence saying that they have not been able to work due to illness or disability for at least 28 weeks;
- a part-time student.

Calculation of grant income

A student's grant income is taken fully into account, except payments for the following:

- tuition or examination fees;
- in respect of disability;
- residential study away from their normal place of study;
- maintaining a home away from their normal place of study;
- £390 for the cost of books and equipment, £303 for travel expenses, whether or not the costs are actually incurred (but only where the student does not have or is treated as not having a student loan);
- childcare costs for a dependent child;
- higher education bursary for care leavers;
- the grant for dependants known as the parents' learning allowance.

Grant income is normally apportioned on a weekly basis over the period of study (see definition below) for which it is paid.³⁷ This generally means the period beginning with the start of the course and ending with the last day of the course. If the grant is paid for a different period to the period of study, it is taken into account over that different period. In the case of a sandwich course, any periods of work experience are excluded from this calculation.

A student may receive other income (for example a gift) to cover expenditure necessarily incurred in respect of the above items. However, where that income is greater than the cost of the item(s) for which it is intended, any excess is taken into account as income. For example, if a student is given £400 for the cost of books, £390 would be ignored and £10 taken into account.

³⁷ The main exception relates to grants for dependants in certain circumstances. These are divided equally over 52 or 53 weeks as appropriate.

Calculation of student loans

A student loan (or a postgraduate master's or doctoral degree loan) is treated as income. This also applies where a student does not have a loan but could obtain one. If a student is treated as having a loan it is the maximum amount available (or in the case of a postgraduate master's or doctoral degree loan 30% of the maximum available) which is treated as income.

£10 of the weekly amount is ignored. A fixed amount of £390 towards the cost of books and equipment, and £303 towards the cost of travel is deducted from the loan income, whether or not the costs are actually incurred.

Any loan taken out by a student to pay their fee contribution to an educational establishment is ignored.

Any special support loan to defray the cost of books, equipment, travel or childcare incurred for the purpose of attending a designated course, is ignored in calculating a student's income.³⁸

Loan income is calculated by dividing the amount of the loan, less any amount that is ignored, by the number of weeks in the period of study for which it is paid. This means:

- (a) where the course is of a single academic year's duration or less, from the first day of the single academic year, or the first day of the course, and ending with the last day of the course.
- (b) where the academic year of the course starts other than on 1st September, from the first day of that academic year, ending with the last day of that academic year, but excluding weeks falling entirely within the long vacation.
- (c) in respect of the final academic year of a course which is not of a single year's duration, from the beginning of either (i) the first day of that academic year, or (ii) where the final academic year starts on 1st September, the earlier of 1st September or the first day of the autumn term and ending with the last day of the course.
- (d) in any other case, from the first week in September or the first day of the autumn term and ending with the last day of June.

Other issues

Any discretionary access funds paid periodically by a college or university are ignored unless intended for and used for specified basic needs,³⁹ in which case the funds are fully taken into account, less £20 a week. In particular, access funds are ignored as income where they are paid after 1st September or after the first day of the course in anticipation of a student

³⁸ See regulations 2(5), 3(5), 4(5) and 5(5) of the Social Security (Treatment of Postgraduate Master's Degree Loans and Special Support Loans) (Amendment) Regulations 2016.

³⁹ The basic needs are food, ordinary clothing or footwear, household fuel or rent, or any council tax or water charges for which the applicant (or a member of their family) is liable.

receiving a student loan, or are paid before the first day of the course in anticipation of the applicant becoming a student.

Where access funds are paid by way of a lump sum, the lump sum is treated as capital. However, where the lump sum is used for items other than specified basic needs it is ignored for a period of 52 weeks from the date of payment.

Where a student's partner has been assessed for a contribution to his grant or loan, that contribution is taken into account as income, but an equal amount of the partner's income is ignored.

For the purposes of this scheme, the following definitions apply:

Academic year - the period of twelve months beginning on 1st January, 1st April, 1st July or 1st September, according to whether the course begins in the winter, the spring, the summer or the autumn. But if students are required to begin attending the course during August or September and continue attending through the autumn, the academic year of the course begins in the autumn rather than the summer.

Course of study - any course of study, whether or not it is a sandwich course, and whether or not a grant is made for undertaking or attending it.

Full-time student - a person who is attending or undertaking a full-time course of study, including a student on a sandwich course. A funded course of study is usually regarded as full-time if it involves over 16 hours of guided learning a week. Whether or not an unfunded course is full-time depends on the nature of the course as a whole.⁴⁰

Grant - any kind of grant or award other than a payment from access funds. It includes any scholarship, studentship, exhibition, allowance or bursary. It does not include an educational maintenance allowance (or analogous payments).

Period of study - this is defined as follows:

- a) in the case of a course of study for one year or less, the period beginning with the start of the course and ending with the last day of the course;
- b) in the case of a course of study for more than one year, in any year other than the final year of the course, the period beginning with that year's start and ending with either: (i) the day before the start of the next year of the course in a case where the student's grant or loan is assessed at a rate appropriate to their studying throughout the year; or (ii) in any other case, the day before the start of the normal summer vacation appropriate to their course;
- c) in the final year of a course of study of more than one year, the period beginning with that year's start and ending with the last day of the course.

Qualifying course - as defined for the purposes of parts 2 and 4 of the Jobseeker's Allowance Regulations 1996. The course must be employment-related which helps a person to acquire

⁴⁰ For a fuller definition of full-time course of study used in this scheme see paragraph 73 (1) (page 102) of the Haringey scheme and regulation 53 (1) of the Housing Benefit Regulations 2006.

or enhance skills for employment, for seeking employment, or for a particular occupation. It must last for no more than 12 consecutive months and it must be a course at an appropriate level.

Sandwich course⁴¹ – consists of alternate periods of full-time study in an institution and periods of work experience. The student attends full-time study for at least 18 weeks in each year.

Student - a person who is attending or undertaking a course of study at an educational establishment or who is on a qualifying course.

Student loan – a loan towards a student's maintenance.

⁴¹ See regulation 2(9) of the Education (Student Support) Regulations 2008 for more detail.

Appendix 1 - Living expenses

The amounts for living expenses consist of amounts for the applicant and, where appropriate, their partner (known as personal allowances), amounts for children and young people, and additional amounts, known as premiums, mainly for disability and caring responsibilities.

The amounts for working-age applicants are uprated in line with the equivalent changes in the Housing Benefit (General) Regulations 2006. The amounts for pensioners are uprated annually using figures in the annual amendments to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

Amounts for the applicant	£ per week
Single person aged between 18 and 24	72.90
Single person (any age) on full Employment and Support Allowance	92.05
Single person aged between 25 and pension age	92.05
Lone parent below pension age	92.05
Couple below pension age	144.65
Single person or lone parent who has reached pension age before 1 st April 2021	244.40
Single person or lone parent who has reached pension age on or after 1 st April 2021	227.10
Couple, where one or both members have reached pension age before 1 st April 2021	366.00
Couple, where both members have reached pension age on or after 1 st April 2021	346.60
Amounts for children, young people	£ per week

Dependent child/young person aged under 20 ⁴²	84.66
Premiums	£ per week
Family premium	19.48
Family premium (lone parent in certain circumstances)	22.20
Disabled child premium (for each child)	81.37
Carer premium	46.40
Disability premium for a single applicant	43.20
Disability premium for a couple	61.65
Enhanced disability premium for a single applicant	21.20
Enhanced disability premium for a couple	30.25
Enhanced disability premium for a child	32.75
Severe disability premium for a single applicant	82.90
Severe disability premium for a couple (one qualifies)	82.90
Severe disability premium for a couple (both qualify)	165.80
For certain applicants in receipt of Employment and Support Allowance	£ per week
Work related activity component ⁴³	36.55
Support component	48.50

⁴² This was limited to 2 children/young persons from 1st April 2018 in the prescribed scheme which applies to pensioners, but this limitation is removed from April 2025. The Council has decided not to limit the number of children/young persons for working-age applicants.

⁴³ The work-related activity component was withdrawn from April 2017 and is only now payable to those applicants who are transitionally protected.

A brief explanation of qualifying conditions for the various premiums:

Family Premium

This applies where the applicant's family includes at least one child or young person. It was abolished from 1st May 2016 in the prescribed pensioner scheme, but the Council has decided to retain it for working-age applicants.⁴⁴

Disabled child premium

This applies where an applicant or partner is responsible for a child or young person living in their household who meets at least one of the following conditions:

- is blind;
- receives Disability Living Allowance;
- receives Child Disability Payment (pensioner applicants only);
- receives Personal Independence Payment;
- receives the Adult Disability Payment (pensioner applicants only);
- receives an Armed Forces Independence Payment (pensioner applicants only); or
- would receive one of these benefits if they were not in hospital.

The disabled child premium is paid for each child who satisfies one of the above conditions. It is also paid for a period of 8 weeks following the death of child or young person, provided that Child Benefit is paid following the death.

Carer Premium

This applies where an applicant or partner is entitled to Carer's Allowance (including where Carer's Allowance is not paid because of overlapping benefit rules) or a Carer Support Payment. The applicant must have made a claim for Carer's Allowance or Carer Support Payment in order for the premium to apply.

Entitlement to the carer premium continues for eight weeks after caring or entitlement to Carer's Allowance or Carer Support Payment ceases, or where the person being cared for has died. The period of eight weeks begins on the Sunday following the death, or from the date of the death if this is a Sunday.

If entitlement to Carer's Allowance or Carer Support Payment ends for any other reason, the premium will continue to apply for eight weeks.

⁴⁴ The higher rate of family premium for lone parents was abolished in April 1998 but, because of transitional provisions, it still applies to a lone parent who was entitled to Council Tax Benefit on 5th April 1998, has remained a lone parent, and has continuously been entitled to Council Tax Benefit and, from April 2013, a reduction under this scheme.

If both the applicant and their partner qualify for a carer premium, two premiums are paid.

Disability premium

This applies where an applicant or their partner is under the qualifying age for State Pension Credit and either registered blind or receiving:

- Disability Living Allowance;
- Personal Independence Payment;
- Armed Forces Independence Payment;
- Working Tax Credit with a disability element;
- Attendance Allowance;
- Constant Attendance Allowance;
- Adult Disability Payment;
- Pension Age Disability Payment;
- War Pensioners' Mobility Supplement;
- Severe Disablement Allowance;
- Incapacity Benefit.

It is also paid where the Department for Work and Pensions has decided that an applicant has been treated as incapable of work continuously for a period of not less than 196 days where they are terminally ill, or 364 days in any other case.

Enhanced disability premium

This applies where an applicant or their partner or a member of their family is under the qualifying age for State Pension Credit and receiving the disability premium or income-related Employment Support Allowance, and one of the following:

- Personal Independence Payment daily living component at the standard or higher ('enhanced') rate;
- Armed Forces Independence Payment;
- Disability Living Allowance care component at the highest rate;
- The care component of Child Disability Payment at the highest rate;
- The daily living component of the Adult Disability Payment at the enhanced rate.

Or an applicant is in the support group for income-related Employment Support Allowance.

Severe disability premium

This applies where an applicant is receiving the disability premium or income-related Employment Support Allowance, and one of the following qualifying benefits:

- Personal Independence Payment daily living component;
- Armed Forces Independence Payment;
- Disability Living Allowance care component at the middle or highest rate;

- Attendance Allowance (or Constant Attendance Allowance paid with Industrial Injuries Disablement Benefit or War Pension);
- Pension Age Disability Payment;
- The daily living component of Adult Disability Payment at the standard or enhanced rate (pensioners only).

A further condition is that there are no non-dependants aged 18 or over is living with the applicant, unless they are in one of these situations:

- they receive a qualifying benefit;⁴⁵
- they are registered severely sight-impaired or blind;
- they are a boarder or sub-tenant (but not a close relative);
- they make separate payments to the landlord.

The severe disability premium is not paid if someone is receiving Carer's Allowance, a Carer Support Payment, or the carer's element of Universal Credit, for looking after the applicant.

Couples receive the higher amount of severe disability premium if both of them are eligible, or the lower amount if:

- someone receives Carer's Allowance, a Carer Support Payment, or the carer's element of Universal Credit, for looking after only one member of the couple; or
- only one member of the couple meets the eligibility criteria and the other is registered blind.

Appendix 2 - Alternative Maximum Council Tax Reduction (or Second Adult Reduction)

Applicants may qualify for council tax reduction through the alternative maximum council tax reduction route, sometimes known as the second adult reduction or rebate. This is where there is a second adult (or adults) sharing the household who would normally be expected to contribute towards the council tax bill, but who cannot afford to do so. The amount of the reduction depends on the income of the second adult:

Where the second adult or all second adults are in receipt of Income Support, income-related Employment and Support Allowance, income-based Jobseeker's Allowance or State Pension Credit.	25% ⁴⁶
Where the gross income of the second adult, or where there is more than one second adult, their aggregate income	15%

⁴⁵ The qualifying benefits are Attendance Allowance, the care component of Disability Living Allowance at the highest or middle rate, or the daily living component of Personal Independence Payment at the standard or enhanced rate.

⁴⁶ Where an applicant is jointly liable for council tax with one or more persons in the household (other than their partner), the amounts in this table are divided by the number of persons who are jointly liable. See paragraph 31(2) (page 52) of the Haringey scheme.

(ignoring income from income-related benefits) is less than £276 per week.	
As above, but where the income is £276 per week but less than £358 per week.	7.5%
Where a dwelling would be wholly occupied by students (who are not entitled to council tax reduction under the main scheme) but for the presence of one or more second adults in receipt of an income-related benefit.	100%

In calculating a second adult's gross income, payments of Attendance Allowance, Disability Living Allowance, Personal Independence Payment or Armed Forces Independence Payment are ignored. Payments from certain specified trusts such as the Macfarlane Trust are also ignored.

The income figures apply to both pensioner and working-age applicants and are amended annually using the figures in the annual amendments to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

Appendix 3 - Earnings that are ignored fully or in part

Earnings paid before the first day of entitlement

Where an applicant ceases employment as an employed earner because of retirement and is entitled to retirement pension (or would be if they satisfied the contribution conditions), their earnings are ignored from the date after the employment has been terminated.

Where an applicant ceases employment as an employed earner, for reasons other than retirement, before the first day of entitlement to council tax reduction, their earnings are ignored except for certain specified payments.⁴⁷

Where an applicant has not ceased employment, but their working hours have decreased to fewer than 16, or they are ill or on maternity leave before the first day of entitlement to council tax reduction, the earnings are ignored other than specified payments such as statutory sick pay, statutory maternity pay, paternity or shared parental pay.

The above paragraphs also apply when an applicant has been working part-time (fewer than 16 hours a week) and that employment either comes to an end or is interrupted.

⁴⁷ The specified payments are retainers, compensation for unfair dismissal, payments deemed to be earnings, guarantee payments, and remuneration on suspension from work on medical or maternity grounds following a complaint to an employment tribunal.

Similar arrangements apply when employment or part-time employment as a self-employed earner comes to an end: earnings, other than royalties or analogous payments, are ignored from the date the employment ended.

Earnings paid when council tax reduction has been awarded

(This section does not apply to applicants who receive Universal Credit⁴⁸)

The applicant's earnings which are ignored are shown in the table below. The amounts shown are not cumulative.

Amount ignored	Circumstances which must apply
All	Where the applicant is receiving Income Support, income-based Jobseeker's Allowance, or income-related Employment and Support Allowance, because earnings will already have been taken into account in assessing entitlement to these benefits.
£20	Entitled to a disability or severe disability premium, Adult Disability Payment, Pension Age Disability Payment, work-related activity or support component of Employment and Support Allowance or a carer premium. (NB £20 in total for couples.)
£25	Lone parent.
£10	Couples where £20 is not ignored.
£20	Where the applicant receives earnings from employment as a part-time fire fighter ⁴⁹ (including those employed by the Scottish Fire and Rescue Service), auxiliary coastguard, manning or launching a lifeboat or being a member of any territorial or reserve force. (NB £20 in total for couples if they are both employed in this way.)
£5	Single person where £20 is not ignored.
All	Earnings of a child or young person.

Where £20 of an applicant's earnings are ignored under the above provisions within a period of 8 weeks of reaching pension age, and they continue in employment, £20 of their earnings continue to be ignored, providing there is entitlement to council tax reduction. This also applies if there is a break which does not exceed 8 weeks in either their employment or entitlement to council tax reduction, following the first day in respect of which an award of council tax reduction is made under this scheme.

If earnings are paid abroad and cannot be transferred to the United Kingdom they are ignored whilst the situation exists. If earnings paid in a different currency have to be converted into sterling, any banking charge or commission is ignored.

In addition to the amounts listed in the table above a further £17.10 is ignored where the applicant:

- qualifies for a 30-hour element in the calculation of their Working Tax Credit;

⁴⁸ See paragraphs 42-46 for the treatment of earnings where applicants receive Universal Credit.

⁴⁹ Including part-time fire fighters defined in the Fire and Rescue Services Act 2004.

- is aged at least 25 and who works for at least 30 hours a week or who has a partner who does so;
- has a partner and one of them is working 16 hours or more a week and whose family includes at least one child or young person;
- is a lone parent working 16 hours a week or more;
- is working or their partner is working 16 hours or more a week and is entitled to a disability premium, a work-related activity component or a support component of Employment and Support Allowance.

acquisition, or from the date on which they took legal advice or proceedings, or within a longer period if the Council considers reasonable;

- any sum solely attributable to the sale of premises formerly occupied by the applicant as their home which is to be used for the purchase of other premises that they intend to occupy as their home within 26 weeks of the sale, or a longer period if the Council considers reasonable and necessary to secure the purchase;
- the applicant's former home which they left following estrangement, divorce or dissolution of a civil partnership for a period of 26 weeks from the date on which the applicant left the home. Where the applicant's former home is occupied by the former partner who is a lone parent, the value of the home is ignored so long as the former partner continues to occupy the home;
- for 26 weeks or longer if reasonable, the value of any premises which the applicant is taking reasonable steps either to dispose of, or to obtain possession of, or which they intend to occupy after essential repairs or alterations;
- for 26 weeks or longer if reasonable, any grant made by a local authority in order to help purchase premises that an applicant intends to occupy as their home or for essential repairs or alterations to be carried out and make fit for occupation;
- deposits held by a housing association, and (for 26 weeks or a longer period if the Council considers reasonable) deposits that were so held and earmarked for buying a home;
- for a period of 52 weeks, any sum of money paid to, or on behalf of, the applicant for the sole purpose of buying a property which they intend to occupy as their home, or to meet the cost of essential repairs or alterations to that home;
- any future interest in property (for example where a person has been left property for life that the applicant is due to inherit on their death) but not where the applicant has granted a lease or tenancy including sub-leases or sub-tenancies;
- payments for repair to, or replacement of, personal possessions, repairs or improvements to the home, for a period of 26 weeks or a longer period if the Council considers it reasonable;
- for a period of 52 weeks, payments under an insurance policy for the loss or damage to the property, occupied by the applicant as their home, and their personal possessions;
- the business assets owned wholly or partly by the applicant while working for the business, but where they cease working, the value of the business assets are ignored only for a period in which the Council decides is reasonable to allow for the disposal of such assets;
- the business assets owned wholly or in part by the applicant where they would be working but for an illness or disability, and intends to re-engage in that business on recovery, for a period of 26 weeks, or within a longer period that the council considers reasonable.

- payments made under a local welfare provision (formerly part of the Social Fund) sometimes known as occasional assistance;
- any payment of a Widowed Parent's Allowance made to the survivor of a cohabiting partnership following the death of their partner, who was entitled to Widowed Parent's Allowance before 9th February 2023, and in respect of the period ending the day before a claim for Widowed Parent's Allowance is made. The payment is ignored for a period of 52 weeks from the date of receipt or 1st April 2024, whichever is later;
- any payment of a Bereavement Support Payment made for the first month of entitlement, for a period of 52 weeks from the date of receipt of the payment;
- any payment of a Bereavement Support Payment made to the survivor of a cohabiting partnership, following the death of their partner, who was entitled to Bereaved Support payment before 9th February 2023 at the higher rate and the payment is for more than one month's entitlement. The payment is ignored for a period of 52 weeks from the date of receipt or 1st April 2024, whichever is later;
- any payment to rectify or compensate for an official error relating to specified social security benefits, but where the payment is £5,000 or more, only as long as the payment is made on or after the date on which council tax reduction is awarded and only for the duration of that award;
- where an applicant is entitled to council tax reduction solely through the alternative council tax reduction route (see Appendix 2), all their capital is ignored;
- Scottish social security benefits.

Compensation

- any payments made from the Macfarlane Trust, the Macfarlane (Special Payments) Trust, the Macfarlane (Special Payments) (No. 2) Trust, the Fund, the Eileen Trust, MFET Limited, the Skipton Fund, Thalidomide Payments, the Caxton Foundation, the Scottish Infected Blood Support Scheme, an approved blood scheme, the London Emergencies Trust, the We Love Manchester Emergency Fund, the Windrush Compensation Scheme, the National Emergencies trust or the London Bombings Relief Charitable Fund; any Grenfell Tower support payment, a historical child abuse payment; Child Disability Payments, payments made by the Child Migrant Trust, or a
