	As these are audits on behalf of the Partnership, Francesca/Jackie to discuss outside this meeting to follow up with those who are not completing audits across the system and Partnership.	FZ/JD
	Andrew Ralephata – therapists CAMHs need to be captured in the overall CAMHS numbers and need to continue to highlight this. Note: Andrew/Francesca to meet separately.	
	<u>Quality of Advice</u> – definition of 'needs' in EHCPs. If this is not submitted via Andrew for quality assurance or managers, clinical staff interpret 'need' as what is to be done for the child, rather than what are the child's difficulties. <u>Alena</u> – A joint presentation was completed on needs, outcomes, and provision with	
	CAMHS; and is happy to do a return visit. The Speech and Language Therapy (SLT) in general is of a good quality and standard, which goes into the Education rather than Health.	
	<u>Dennis</u> – In Social Care a formal decision has been made to make the social care advice LA training mandatory across the service including Early Help to help improve this as it requires colleagues to complete all the form not just parts of it. The training should address this.	
	<u>Clive</u> – It is a learning opportunity and a consistent one for CAMHS to ensue that staff are aware of the distinctions and the advice in terms of need. <u>Jane</u> – Note: For training and keeping new staff up to date, some success seen is by using videos and Webinars. Would this be a good opportunity to and easily put together to do this	
4	Refusal to Assess/Issue EHCP – Data Analysis; Jackie Difolco [All to refer to the full report].	
	Maureen – how or who notifies the parent of the outcome not to issue and message received.	
	Decision is made by the multi-agency panel on a Thursday. The evidence gathered over the needs assessment can be used on what is already available. Every case is assigned to a Co-ordinator to gather the advice, and they will advise the parent and school for the refusal to assess. The SENCO is invited to the panel, will present the case, whether by the school or parental request. There is also a conversation with the SENCO and parent instead of the next steps meeting.	
	For those Children offered a next steps meeting – SENCO, conversation with parents, send support guidance to schools of what they can do.	
	Where children have a need but been refused an EHCP who ensures that the child is receiving support from the school? Alena - a next steps meeting is offered or where the SENCO attends the panel, they	
	<ul> <li>will have a conversation with the parents to advise of the support that is available.</li> <li>The SEND support guidance is published for the schools.</li> <li>NOTE: Maria - We work very hard in schools to ensure all SEND children are</li> </ul>	
	<ul> <li>supported; she suggested the question really refers to consistency for all schools, which was agreed.</li> <li>Andrew – within Health perspective, children get a good level of service from the</li> </ul>	
	<ul><li>Therapists with or without an EHCP.</li><li>The chair noted parents and community groups can feel unsupported from some schools.</li></ul>	
	<ul> <li>SENDIASS – supports parents in preparation for next steps meetings in refusal to issue cases, appeals and access to interpreters. If required, they are happy to attend the meeting if that would be helpful.</li> <li>Actions: 4</li> </ul>

5	SEND Power to provide examples of parent feedback to Headteacher representatives whereby SEN support is not provided, Jackie to facilitate. Elevated Youth Highlight Report – Natasha Williams.	JD/AB
	<ul> <li>[Please refer to the detailed presentation which gives an update on the Elevated Youth activities and achievements in 2024].</li> <li><u>Future events and projects</u>:</li> <li>Zach is leaving the forum as he reaches the age of 25 but will still be involved</li> </ul>	
	<ul> <li>with other areas of work. The Board expressed huge thanks to Zach for his support.</li> <li>Key Focus of forum's work is to build through stronger relationships with local businesses and be Youth focussed on their requests including Life skills – e.g. understanding of financial matters.</li> </ul>	
6	<ul> <li>SEND POWER – Parent Carer Forum Update – Amanda Bernard [please refer to the full presentation].</li> <li>The following requests have been made of the SEND Board Members:</li> <li>ALL – to accept the invitation to the Voices Day part two event on 4 March 2025.</li> <li>(Some people had difficulty in replying to the invitation).</li> <li>Reminder: All to use the new contact email addresses for the Steering Group Members.</li> <li>Cancellation of meetings for events: please provide adequate notice wherever possible.</li> <li>Calendar invites – where events/meetings are no longer happening, can Leads review and delete please?</li> <li>Consultations and Policies – request for parents to have an easy read version and to provide any feedback on or after the event, where they have been involved.</li> </ul>	
	<ul> <li>Amanda to advise where the parent/carers consultation feedback is on the SEND Power website.</li> <li>Issues raised from Parent Carer Members: <ul> <li>Annual Reviews/EHCPs – timely updates are not happening especially at transition stages which are essential.</li> <li>Housing Issues – this is still causing an impact.</li> </ul> </li> </ul>	AB
7.	<ul> <li>Emotional based school avoidance – EBSA.</li> <li>Transitions Programme – Update: Dennis Scotland</li> <li>Phase One has started; recruitment is completed, and the team are working on care act assessments. 23 young people are allocated across the four social workers; 13 assessments have been completed and working on the support plans. 50% of young people are living at home with their families.</li> <li>A detailed report is being compiled around the needs and requests from the Young People in preparation for their transition e.g. employment and further education.</li> <li>Phase Two is recruitment of 4 more staff in creation of the multi-agency team.</li> <li>Action 7</li> <li>Dennis to present a fuller report at the next meeting in May 2025 for a fuller discussion.</li> </ul>	DS
8.	Safety Valve – Key Highlights: Jackie Difolco	
	<ul> <li>10 out of 18 projects are closed and now business as usual and being tracked within the programme re: impact.</li> </ul>	

No	Action/Decision	Action Owner
	<ul> <li>Project A.1 Speech, Language and Communication (SLCN) - We are continuing to provide training and support to primary schools for the delivery of the SLCN Pathway. Data set now in place measuring impact of SLCN pathway delivery and evidencing good impact with 80% improvement in SLCN needs and a 50% reduction in referrals to specialist therapies compared with the previous year. Review of 2023/24 and next steps being arranged working with the Safety Valve Steering Group.</li> <li>Project A.4 Annual Reviews – Growth funding from council's revenue fund agreed for Educational Psychologists and EHC Co-ordinator's which will really impact on improved quality and compliance of EHCP's.</li> <li>Project A.5 SEND Supported Internships - There are 44 young people who are currently on a supported internship. A specialist role (NEET Co-ordinator) is now in post to support both young people and employers with this programme. We are reviewing pre-supported internships to see if it can include post 19. The service is expanding the number of disability confident employers who can offer placements.</li> <li>Commissioning/Capital Projects – B Projects:         <ul> <li>Alexandra Primary provision for autistic children (15 places) – We have now opened our new Resource Provision at Earlsmead and phasing in placements with three children attending to start with.</li> <li>The Brook Primary Provision for autistic children with complex needs on track to be open for September 25.</li> </ul> </li> <li>We currently have 2,979 active EHCPs which is 121 EHCP over Safety Valve (SV) target, however lower than previous reporting period which was 128 EHCPs over target.</li> <li>Budget for 24-25 is £55.6m, SV target is not to exceed this by £2.8m, however we rolled over £300k from 23-24 that we did not achieve, therefore overspend target is £2.5m, we are currently projecting £2.6m and track to meet target which will mean we will draw down £3m this year to reduce the accumulative</li></ul>
