Alteration 35, paragraph 3.1, paragraph 3.1.16 should be amended as follows because it is not appropriate for all existing employment sites to provide more intensive employment/business uses, particularly mixed use schemes and sites with significant site constraints whilst also taking into account scheme viability:

“...New jobs will be delivered through the reconfiguration of a number of the existing employment sites away from industrial & warehousing uses to mixed use providing more intensive employment / business uses (where appropriate), through further growth in the retail and leisure provision, and through increased community facilities...” **Proposed Quod Alteration**

This is particularly the case because Chapter 5 confirms the site as being located within the Regeneration Area being the most flexible of employment categories that can include uses appropriate in a mixed use development, such as small scale “walk-to” retail, community and residential uses. We also note that Policy SP8 is proposed to be amended to specifically include the Hale Wharf site in the Regeneration Area category, which is welcomed.

Without those proposed changes, the plan is not sufficiently flexible as it not always appropriate for mixed use schemes to provide more intensive employment/business uses

Please refer to the accompanying cover letter (part (c) bullet 3).

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

6. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary

Muse and CRT are bringing forward a site forming part of a Strategic Allocation in the Borough. This will bring a number of regeneration benefits and could act as a catalyst for unlocking other development parcels within the Site Allocation. These representations relate to the effectiveness and deliverability of the Site Allocation and as such respectfully request the opportunity to support their points at examination.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in the oral examination.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

This paragraph seeks the requirement of a pedestrian green link at the Hale Wharf Site. However, the Planning Obligations SPD confirms that open space and public realm infrastructure will be funded through CIL. It is therefore inappropriate for this supporting paragraph to continue to require that such connections be included as part of detailed scheme proposals for Hale Wharf.

This paragraph therefore is not the most appropriate strategy when considered against reasonable alternatives, failing this soundness test.

Making a Representation: Guidance Note

Haringey's Local Plan Pre-Submission Consultation

8th January – 4th March 2016

The Local Plan documents have been through a number of stages of consultation. The outcomes of each stage of consultation have in turn informed the next stage of development of the documents. The current stage of consultation offers the final opportunity to comment on the draft documents before it is submitted to the Planning Inspector for Independent Examination.

The previous stages of consultation offered wide opportunity to contribute to the development of the policy documents. As the final drafts, any comments made on the documents at this stage may not result in a change but will be recorded and considered alongside the documents at Examination. This will mean that all comments and representations will be made public. This will be the last stage to comment on the Local Plan documents unless requested by the Inspector.

How to respond to Local Plan documents at this stage?

If you seek a change to any of the document your comments should state clearly what you want changed and why, and you should provide evidence to support these proposals. You should provide wording, where relevant, for the changes proposed.

The documents should be consistent with national and regional policy. If you think this is not the case you should state clearly the reasons why. If you feel that an additional policy should be included in the Local Plan documents, which go against national or regional policy, in order to meet a clearly identified and justified local need, you should state what the local circumstances are and provide supporting evidence.

If you think another policy should be included please ensure the issues are not already addressed in:

- national or regional policy; or
- in the other Local Plan documents.

If the issues are not addressed elsewhere, please state why your suggested policy should be included in the specified Local Plan document and what it should say.

The Local Plan documents must meet two key criteria before it can be submitted and adopted. During Examination the Planning Inspector will only consider comments which refer to these criteria. Therefore, when making representations please keep in mind the following:

Has the Local Plan documents met the following legal requirements?

Has it been prepared in accordance with the Local Development Scheme, which sets out the work programme for the Local Plan?

Is it in compliance with the Statement of Community Involvement, which sets out how the Council will involve the community in the preparation of planning documents and in considering planning applications?

Has it been subject to a Sustainability Appraisal to examine the social, economic and environmental impacts of the policies?

Does it have regard to national policy?

Does it conform generally with regional policy as set out in the London Plan?

Is it in line with the objectives set out in Haringey's Sustainable Community Strategy?

Further detailed guidance on how to respond to the documents can be found

Are the Local Plan documents sound?

- Is the document justified?
 - Is it based on robust and credible evidence?
 - Is it the most appropriate strategy when considered against the alternatives?
- Is the document effective?
 - Is it deliverable?
 - Is it flexible?
 - Will it be able to be monitored?
- Is it consistent with national policy?

in the appendices of each document.

Please note that all responses received will be made publically available.

All responses must be received by **5pm 4th March 2016**
