

We object strongly to the draft Local Plan proposal SA63 for a demolition and redevelopment zone covering Broadwater Farm, Somerset Close, Lido Square, Moira Close, some houses along Lordship Lane, and the northern part of Lordship Recreation Ground, including the enclosed sports field.

The proposal would cause massive stress to all concerned, displacement and disruption for years, and undermine all the successful efforts over decades to build a strong and stable local community and to improve local facilities. It breaches a whole range of planning policies which should protect our community.

It is unacceptable & should be withdrawn immediately. Instead the Council must work with the community to protect, support & improve all the existing homes, estates, facilities & communities in the area
