Works Notice
Ferme Park Road - Zebra Crossing Improvements

Dear Resident or Business,

Following concerns raised about pedestrian safety at the zebra crossing on Ferme Park Road at its junction with Stapleton Hall Road, the council has worked with the local community to develop several improvement measures designed to increase pedestrian visibility at the crossing and slow vehicular speeds on the approach.

The main elements of the scheme are:

- Footway build-out on the west side of the zebra crossing
- Upgrading of Belisha beacons, poles and lighting at the crossing
- Footway build-out on the east side of the crossing (by the junction with Stapleton Hall Road)
- Renewal of the guard-rail along the western side of Ferme Park Road
- Renewal of road markings in the vicinity of the crossing

The measures are set out in detail on the plan overleaf.

If you wish to comment on the proposal, please email us at: Frontline.consultation@haringey.gov.uk. We plan to start the road works week commencing 24 July 2017. The work should take approximately three weeks to complete, weather permitting.

We will make every effort to minimise disruption while the work is in progress, but I would like to apologies for any inconvenience that may be caused.

Yours faithfully

Sustainable Transport: Highways Engineering
