13 July 2017

Dear Resident or Business,

Parking Changes – Highgate CPZ

As you may be aware, due to essential works a number of parking spaces will be lost from The Bank. In response, we are seeking to introduce additional parking throughout the Highgate CPZ to accommodate any displaced parking from The Bank.

Additional Resident Parking

Further to on site investigations, additional resident parking is proposed at the following locations:

- North Hill opp No.2 1 space
- Southwood Lane o/s No.70 1 space
- Southwood Lane o/s No.62 1 space
- Cholmeley Park opp No.6 1 space
- Causton Road opp No.2 1 space
- Highgate Hill 7 spaces

Changes to Business Parking

We are proposing to convert the existing Business Parking bays on Highgate Hill (either side of the Cholmeley Park junction) into Resident Parking.

It is proposed that ‘Permit Holder’ bays are introduced in Cholmeley Crescent, near to the junction with Cholmeley Park. These bays will allow both Resident and Business Permit holders to park. Parking surveys have shown these bays to be underused and so will be able to accommodate residents and the small number of Business Permit holders in the area.

Plans detailing the exact parking locations can be found on our current consultations page http://www.haringey.gov.uk/current-parking-consultations

Work is planned to start week commencing 24 July 2017 and will involve line marking and signage.

For queries about the changes, please email frontline.consultation@haringey.gov.uk or call 020 8489 1000.

Yours faithfully,

Ann Cunningham
