Statutory Consultation – Westbury Avenue  
Proposed Introduction of Traffic Islands

Dear Resident,

Over the past 12 months, we have received numerous emails from residents of Westbury Avenue, highlighting a number of road traffic accidents which have occurred between Mark Road and Crawley Road.

The accidents have largely been caused by northbound drivers taking the bend close to Crawley Road at excessive speed and losing control. Our proposed measures are designed to highlight the presence of the bend and ensure that motorists pay attention to their driving lanes along this section of Westbury Avenue.

The proposals are listed below and set out on the enclosed plans.

Key measures include the introduction of:
1. Two traffic islands with ‘KEEP LEFT’ bollards;
2. Red carriageway surfacing adjacent to ‘SLOW’ markings;
3. A chevron sign on the bend.

As well as these proposals we will also be installing ‘bend ahead’ signs and repainting the road markings.

This notification letter marks the start of a 3-week consultation period during which we welcome your views using the enclosed Freepost feedback card. Alternatively you can email your views to us at frontline.consultation@haringey.gov.uk. Should you wish to object to the proposal please include reasons.

Please ensure that your comments reach us as soon as possible and no later than 1 October 2017. Thank you for your interest and we look forward to hearing from you.

Yours faithfully
