Statutory Notification

Ferry Lane Public Realm Improvements

Dear Resident or Business,

Following community engagement on green and open spaces in Tottenham Hale, we are proposing to implement measures to improve the public realm of Ferry Lane, making the road a more pleasant and inviting space for all road users – including pedestrians and cyclists.

The proposed measures are shown in detail on the attached plan overleaf and consist of:

1. New trees and plantings along Paddock frontage and Bream Close junction
2. Proposed two-way segregated cycle lane along Ferry Lane
3. Footway repaving and carriageway resurfacing
4. New sustainable urban drainage system which minimise flooding risks
5. Improvements to the front of the paddock to improve visibility into the site and provide new low level planting to soften the industrial feel of the entrances to the site
6. Provision of new LED energy-efficient street lighting, designed to be ecologically sensitive and reduce light pollution, meeting environmental (green) legislation
7. De-clutter the road by removing unnecessary street furniture
8. Removal of west-bound bus lane and narrow the carriageway to re-allocate space for enhanced pedestrian and cycle lane
9. Relocating and provision of new parallel crossing to improve the pedestrian and cyclists’ safety and flow

This notification letter marks the start of a three-week consultation period. We welcome your comments and representations can be made using the enclosed prepaid feedback card. Alternatively you can use our online feedback form at: www.haringey.gov.uk/road-safety-consultations. If you have a mobile device with a QR reader, please scan the QR code above to access the web page and online form. Any comments must be made and reach us by Thursday 30 November 2017. If you object to any of the measures, please give reasons.

You can also have your say by coming along to our informal drop-in session at ‘The Engine Room’, Unit A Eagle Heights, Lebus Street, Hale Village N17 9FU on Wednesday 22 November from 5pm – 7pm. If you have any specific questions on the scheme please contact us at Tottenhamregeneration@haringey.gov.uk

We look forward to hearing your views.

Yours faithfully

Ann Cunningham: Head of Operations
