

Respondent Name: John Walters

(Submitted through online Snap survey)

Document	Policy/Para number	Legally compliant?	Sound?	Complies with DtC?	Please give further comments.	Please set out suggested changes	Do you wish to attend the oral examination?
Sites DPD	SA49	Not stated	Yes	Not stated	I am aware that there is some disquiet locally about this of part of the plan. I do not share that disquiet. I consider that this element of the plan supports the need for substantial additional housing in London and that it is in an area where existing housing density is relatively low. I consider that the plan deals adequately with the risk of loss of employment. If and when a detailed scheme is submitted for approval attention will need to be given to the Park Road frontage roof line which ideally should not be higher than that of Veryan Court . I consider that the potential loss of a very small amount of green space is insignificant.	None	No
