Dear Haringey Local Plan Team:
SA36 & SA37– the Rowans site by Finsbury Park

In my response—the file titled, *SA36 & SA37– the Rowans site by Finsbury Park*—I meant to include the above image. In my haste I omitted this early draft map of the proposed Finsbury Park Neighbourhood Plan, that I meant to

put at "(here is an draft plan)" about half way down the second page. I've also attached it herewith as a separate file.

It shows also the Crouch End NF borders and a possible NF based on the Harringay ladder. I stress this is only a draft, but the context is quite important for my response: i.e. that an FP-NF would likely more than envelope the railway station precinct. It is desirable but not essential that this is included with my response that I hope will be accepted.

I hope you appreciate that Councillors are under considerable pressure of work and I just missed Friday's deadline. As I sent in my response late last night (Sunday) and it was available from Monday morning, I assume that no office time will have been lost as a result.

You will have observed that I spend a good deal of time compiling a considered response and I do feel that it would be in the public interest, exceptionally, to include my response. I'd be grateful if you'd let me know if my response will be included.

Thanks for your attention.

Kind regards

Clive Carter
