Subject: FW: Objection to the plans for the Pinkham Way waste plant (DEA 6 Friern Barnet Sewage Works, N10)

Dear Ms Ingham

I need to raise my concerns about these Plans which I strongly object to

Because :-.

The suitability of using the site for industrial use when it has been previously listed as green space that should be protected.

- The environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools.
- The limited consultation that has been carried out and Haringey Council's failure to adequately consult local people and inform them of the re-consultation.
- The loss of land for employment use and the impact this will have on creating new jobs.

Yours faithfully

Michael Aberly
