Public and Statutory consultation

Proposed Zebra Crossing on Alexandra Park Road between St Regis Close and Curzon Road, N10

Dear Resident or Business,

Following requests from the local community, I am pleased to inform you that as part of this year's Highways and Road Safety programme, we are proposing to introduce a zebra crossing on Alexandra Park Road between St Regis Close and Curzon Road. The proposed zebra crossing will improve pedestrian accessibility and road safety.

The key interventions are as follows and are detailed on the plan overleaf:

- Install a zebra crossing with a pedestrian island on Alexandra Park Road between St Regis Close and Curzon Road, including associated lighting equipment and road markings
- Footway surfacing
- Provision of high skid resistant carriageway surface treatment on the approach to the proposed zebra crossing

This letter marks the start of a three-week public consultation during which we welcome your views on the proposals. Please provide these using the enclosed Freepost feedback card or email your views to us at frontline.consultation@haringey.gov.uk

At the same time, the statutory consultation on the proposed changes (legal process whereby the proposals are advertised in the local newspapers) will begin on 26 January and provide a 21-day period for anyone wishing to object the proposals. You can do this by emailing traffic.orders@haringey.gov.uk providing reasons for your objection.

Please ensure that your response including any objections to the proposals reach us as soon as possible and no later than **16 February 2022**.

If you have any specific questions on the scheme, please contact frontline.consultation@haringey.gov.uk

Thank you for your interest and we look forward to hearing from you.

Yours faithfully,

Highways and Parking
