Subject: re Pinkham Way reconsultation

Dear Sir/Madam,

I wish to object to the change of designation of the Pinkham Way site from employment use to industrial use. This site has previously been listed as green space that should be protected. Using the site for industrial use would have an adverse environmental impact on local wildlife and plantlife. The site is also very close to many houses and local schools and this would have an adverse environmental effect on many people. Haringey council has failed to consult adequately on this issue with a very limited consultation and failed to inform local people adequately of the reconsultation. Also the loss of land for employment use will have an impact on creating new jobs in these difficult economic times.

Dr M. J. Ambrose
