Subject: Pinkham Way scheme

Good afternoon

My wife and I have made a special visit to walk around the area which surrounds the proposed site for changed use.

We took the opportunity to talk to residents of the area, and found no-one who supported the change. Quite the opposite in fact.

As a result of this and other information, we wish to protest about the failure of the local council to arrange a meaningful consultation, not only with residents of the immediate area, but also neighbours of our road who would suffer from the proposed changes to its planning status.

The Pinkham Way area has long been regarded as a green space which contributes to the health (and pleasure) of citizens in the wider surrounding area.

On balance therefore, we urge you not only to think again, but at the least to revert to its previous planning status.

Yours sincerely

William and Celia Capstick
