Dear Sirs

We note that there has been a change in the proposals for the Pinkham Way site from employment to industrial use.

We wish to object to these proposals on the following grounds:

1. There are strong environmental concerns about this proposed change of use, particularly bearing in mind the effect on local residents and schools.
2. The site has been listed as green space which should be protected: therefore the change to industrial use is unacceptable.
3. We are concerned about the lack of consultation as far as this latest proposal is concerned. We only found out about this by accident.

Yours faithfully

Mr and Mrs E. Cawdron
