Dear Sirs

I have grave concerns about the change of designation of the Pinkham Way site from employment use to industrial use (I believe you refer to this as 'employment land designations in SP8 Employment of the Core Strategy, change of land designation for DEA6 from employment land to locally significant industrial site.')

The grounds on which I object to the change of use the Pinkham Way site include:

- The suitability of using the site for industrial use when it has been previously listed as green space that should be protected.
- The environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools.
- The limited consultation that has been carried out and Haringey Council's failure to adequately consult local people and inform them of the re-consultation.
- The loss of land for employment use and the impact this will have on creating new jobs.

Furthermore, I am concerned about the ability of Colney Hatch Lane to take much more traffic along it, as our house is already hugely impacted by the traffic outside at it's current level.

I look forward to an update from you in due course,

Yours sincerely

Mrs Miriam Clark
