

### **Haringey's Community Engagement Framework – consultation responses**

The Haringey Strategic Partnership (HSP) agreed Haringey's Community Engagement Framework (CEF) on 27 April 2009. The Framework provides good practice principles for all HSP organisations to work to when carrying out community engagement.

Public consultation on the CEF took place in two phases from January to April 2009. Over 700 voluntary and community groups in the borough were sent consultation documents. The consultation was also available online. The CEF was discussed and feedback given at meetings of the HSP, HSP theme boards, individual partner organisations and Haringey's Community Link Forum. The April 2009 edition of Haringey People carried an article about the CEF. The 'You Said, We Did' table on pp.17-20 demonstrates how consultation responses from phase 1 were used to develop the CEF.

Over 150 responses were received in total. The responses were from a wide range of organisations, and from across the borough. The attached document provides the detailed results of the consultation. See the organisations listed on pp.12-14 and maps on pp.15 - 16. High level messages from the consultation are as follows:

#### **Consultation phase 1:**

Most respondents thought:

The best ways for communities to let the HSP know about their needs are:

- **public meetings on specific issues**
- postal surveys

The best ways for councillors and community representatives to gather views are:

- **meetings on specific issues**
- e mail

The best ways to let people know their views have been heard are:

- **features in Haringey People**
- feedback letters

Many respondents expressed a desire to have **more contact with HSP representatives and councillors** through their attendance at community groups and meetings.

#### **Consultation phase 2:**

- The majority of respondents were **in agreement with the aim and principles** of the Community Engagement Framework.
- Many respondents provided helpful suggestions regarding the wording of the Framework – details provided in the attached information.
- Respondents' **top three priorities for action** are:
  1. To establish an evaluation process for engagement activities
  2. To set up a cross-sector engagement development programme
  3. To publicise details of engagement opportunities in Haringey

#### **Next steps:**

- The CEF will be made available to all on the Haringey Council website.
- An accessible version of the CEF will be produced and widely distributed.
- The CEF multi-agency working group will develop a Delivery Plan for the CEF.

## Haringey's Community Engagement Framework: Consultation results and community suggestions

- Two phases of consultation were held regarding Haringey's Community Engagement Framework during January – April 2009
- The first phase received 100 responses
- The second phase received 57 responses
- Not all respondents answered all the questions
- Most responses were from community and voluntary organisations – these are listed on pp.12-14

### Phase 1 responses:

**Q1: What are the best ways for communities to let the Haringey Strategic Partnership (HSP) know about their needs and interests?**

**Q2: What is the best way for councillors and community representatives to gather your views to help develop services?**

**Q3: How can the HSP make sure you know that the information you give us has been used to set local priorities?**

**Q4: Do you have any other practical suggestions on how the HSP can engage with, and reach out to, all communities so that they feel included?**

**Q5: Is there anything else you would like to add?**

**Contact with HSP representatives:**

- Councillors could visit organisations when invited
- Councillors to attend residents' schemes – visit people in their own environment
- Meet with / visit people
- HSP members to attend groups and events to meet people
- Use HSP reps at different events and open days
- HSP reps to visit community groups
- Real personal contact from HSP representatives
- Councillors to attend voluntary sector meetings
- Councillors to attend community group meetings
- HSP to be present at community events
- Attend more community events
- Attend community events and meetings
- Arrange walkabouts with residents in particular areas
- Representatives to come to local groups
- Face to face meetings

**Use of community groups:**

- Ensure maximum involvement of community groups in partnership boards
- Listen to the views of people on community forums
- Invite groups to HSP meetings
- Use the community centres
- Use existing community groups
- Use Children's Centres
- Use the Homes for Haringey Forums

**Feeding back:**

- Evidence that what has been suggested by community has been done
- Public meetings to evaluate results of initiatives
- Demonstrate that practical changes are being made as a result of consultation

**Publicity:**

- Have a regular HSP slot on the agenda at Area Assemblies
- Use online networks
- Send around a regular e mail newsletter
- Public meetings
- Publicise councillor surgeries
- Use community development officers
- Use simple clear language
- Use HAVCO
- Advertise on local radio stations
- Give out clear information about the HSP – its aims, purpose, how it links to Council, residents etc
- Don't raise expectations that can't be fulfilled
- Hold a public meeting to explain what the HSP is

**Targeting:**

- Set up specific groups – e.g. for LGBT people
- Target BME groups
- Meetings to be held in environments where people from certain ethnic groups feel comfortable – i.e. not at the council, but in community centres
- Engage on specific issues, not generally

**Practicalities:**

- Run meetings in schools at peak times (beginning / end of the day)
- Hold meetings at different times, and more than one on the same issues
- Provide premises for community groups free of charge

**Other:**

- Ensure that community engagement is used to address controversial issues – e.g. licensing
- It is less confusing if consultation is carried out by separate bodies

**Phase 2 responses:**

Too many questionnaires without responding to local issues leads to community frustration.... Avoid glossy leaflets and publications – I’d rather see changes in my community’ (Haringey resident)</p> <p>‘People feel they are being ignored when they make suggestions... and receive no reply’ (Summer Hall Residents Project)</p> <p>‘Make sure that all venues are accessible’ (Edgecot Grove Residents Association)</p>	<p><b>Communicate the results of engagement activity</b></p>
