**Subject:** PINKHAM WOOD RE-DESIGNATION  
From: Blaise and Sheila Compton

To whom it may concern: as concerned local residents, we would like to protest against the proposed redesignation of the Pinkham Wood site as being suitable for industrial use as being totally wrong for the area, destructive of natural wild-life habitat, and leading to a severe loss of amenity for the entire area. Pollution and traffic levels will increase, and the quality of life for local residents will diminish.

It is obvious that no proper consultation has taken place.

This is one of those decisions that CANNOT be regarded as being the result of any democratic process and we hope that it is not to be imposed on us by diktat counter to the wishes and interests of many who live in the affected area.

Yours sincerely,

Blaise and Sheila Compton
