Subject: Pinkham Way
Dear Sirs

I would like to make it known that we have concerns about the change of designation of the Pinkham Way site from employment use to industrial use. The council formally refers to this as 'employment land designations in SP8 Employment of the Core Strategy, change of land designation for DEA6 from employment land to locally significant industrial site.'

The reasons for this are as listed below.

The suitability of using the site for industrial use when it has been previously listed as green space that should be protected.

- The environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools.
- The limited consultation that has been carried out and Haringey Council's failure to adequately consult local people and inform them of the re-consultation.
- The loss of land for employment use and the impact this will have on creating new jobs.

We are particularly concerned that the land should NOT be used for the large waste plant that Haringey Council appear to have supported without full disclosure to local residents.

regards

Lindsey Dack & Paul Beever
