

## Important Early Years Census - Information for Childminders, Private, Voluntary and Independent (PVI) Childcare providers

---

The Early Years January census will soon be upon us, we would therefore like to remind all settings offering free early education places for 2, 3 and 4 year olds of the importance for completing the census as fully as possible and in a timely manner. Late submissions after the deadline date are at risk of not receiving the full funding.

Data collected during census submission will be used by Department of Education (DfE) and the Education Funding Agency (EFA) to determine how much funding Haringey is allocated for early years. Without this information or if this information is incomplete, our funding and therefore the amount of money available to meet the needs of young children in the borough will be reduced.
