Dear Miss Whelehan,

Having looked at your proposals for the Pinkham Way site I wish to object to the dreadful proposed change of use of this land which is clearly a way for you to then progress the proposed application for a 'recycling' industrial waste plant in a highly populated, essentially residential area. NOT ON OUR DOORSTEP THANKS YOU VERY MUCH. WOULD YOU LIKE IT ON YOURS?

What a terrible legacy your council proposes for this area, certainly not a policy that will win votes, so think about how long a career in local government you seek and then act in a judicious and lawful (not seek loopholes and schemes that avoid the spirit and intention of the law) manner that safeguards the quality of life of local residents and the very people that elect Councils.

Yours sincerely,
Mrs S Ferracane

Subject: PINKHAM WOOD REDESIGNATION - CONSULTATION PROCESS

- Dear Madam,

I am a local resident to Pinkham Wood (formerly Frien Barnet Sewage Works) and wish to register my interest in taking part and being fully involved in the re-consultation on the proposed change of planning designation for this land.

As a local resident I am disgusted at the underhand way in which Haringey sought to change the designated use of this land, with such far-reaching and profound, hideous adverse effects on our local

environment and you did not see fit,
proper or just to consult us first time around.

Please ensure you act according to the spirit and letter of the law on this occasion and **fully inform all local residents**.

We will hold you to account if you do not. You cannot act in such a duplicitous manner and expect, that as servants of the local population, you will go unchallenged.

Please acknowledge receipt of this email which serves as due notice of my interest in your proposals and desire to be kept fully informed and duly consulted on your proposals.

Yours faithfully,
Mrs S Ferracane
