**Subject:** Pinkham Way Consultation Objection  
Dear Sir or Madam

I would like to express my objection to the proposed change of use of the land at the Pinkham Way site from employment to industrial use. I am particularly concerned about the environmental impact that such a large waste processing plant situated on land previously listed as green space and so close to schools, parks, allotments and housing would have on the health and quality of life of local residents. Haringey Council could perhaps help to restore some faith in local government by listening to the concerns of their residents, who are required to pay a high level of Council Tax, and by acting to protect the interests of local people instead of being motivated by a desire for profit, political expediency and short-term gain.

Yours faithfully

Kirsty Fullarton
