**Subject:** Pinkham Way  
For the attention of Haringey Council

Please note that my wife and I object to the designation of the Pinkham Way site from employment use to industrial use. The council formally refers to this as 'employment land designations in SP8 Employment of the Core Strategy, change of land designation for DEA6 from employment land to locally significant industrial site.'

We object to the changes on the following grounds:

- The suitability of using the site for industrial use when it has been previously listed as green space that should be protected.
- The environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools.
- The limited consultation that has been carried out and Haringey Council's failure to adequately consult local people and inform them of the re-consultation.
- The loss of land for employment use and the impact this will have on creating new jobs.

The impact of the additional road traffic on the already busy roads and on the health of the environment.

We have been Haringey residents for over 30 years.

Simon & Rita Fuller
