**Subject:** Pinkham Way re-consultation: objections

Dear Sir or Madam

I am writing in response to the proposed redesignation of the Pinkham Wood site from Employment Use to Locally Significant Industrial Use.

Having read the documents available, I have several concerns. Firstly, the impact of the change on the nature conservation, and the threat to biodiversity at the site. Secondly, I am concerned that the consultation process has not been followed appropriately. The evidence to support the redesignation is lacking: evidence was initially presented to support the designation of "employment land", yet there has been no new evidence presented to support any move away from this designation to LSIS.

I would like to formally register my objections regarding this matter and look forward to hearing from you,

Yours Faithfully

Dr Judy Gonsalves PhD MRCP
