Warehouse Living comprises purpose built and genuinely integrated, communal working and living accommodation specifically targeted at the creative industries sectors.

Superstores/supermarkets are defined as shopping destinations in their own right where weekly food shopping needs are met and which can also include non-food floorspace as part of the overall mix of the unit.

Retail warehouses are large stores specialising in the sale of household goods (such as carpets, furniture and electrical goods), DIY items, and other ranges of goods, catering mainly for car borne customers.

Build to Rent is housing development which meets the definition set out in policy H13 of the Draft London Plan.
Rates that are not amended as part of the Partial Review of the CIL Charging Schedule in 2019/20 will be indexed for inflation in accordance with the CIL Regulations 2010 (as amended) based on the date of their original effect in the original CIL Charging Schedule (November 2014) to the date of final approval (expected 2020/21). The updated indexed figures will be provided as part of the final reviewed CIL Charging Schedule at the point of final approval (expected 2020/21) rather than in this Draft Charging Schedule document.

5. Charging Zones

5.1 The CIL charging zones referred to in the above table are illustrated on the Charging Zone Map attached at Appendix 1 of this document.

6. Calculating the Chargeable Amount

6.1 The amount to be charged for each development will be calculated in accordance with Schedule 1 of the Community Infrastructure Levy Regulations 2010 (as amended). For the purposes of the formulae in Schedule 1, the relevant rate (R) is the rate for each charging zone shown in Table 1 above.

7. Statutory Compliance

7.1 The Charging Schedule has been issued, approved and published in accordance with the CIL Regulations 2010 (as amended) and Part 11 of the Planning Act 2008 (as amended).
